

CRLA will provide on-site legal services to County patients at no cost, to address social determinants of health related to workplace safety, environmental health, and housing issues, and referrals to other legal services organizations for immigration, criminal, and other legal needs. The County of Monterey has suitable clinic space and equipment to support these services and is willing to allow CRLA to utilize such facilities for the benefit of the patient population. Prior to receiving legal services, clients must sign Exhibit A, Client Disclosure Notice, acknowledging that any and all advice or assistance received is from CRLA and not the County of Monterey.

Approval of the recommended action will allow CRLA to begin offering no cost legal services directly to our patient population in locations that are familiar and accessible to them.

This work supports the Monterey County Health Department 2011 - 2015 Strategic Plan initiative: 1) Empower the community to improve health through programs, policies and activities. It also supports one or more of the ten essential public health services, specifically: 3) Inform, educate and empower people about health issues, and 4) Mobilize community partnerships and action to identify and solve health problems.
