**SUMMARY/DISCUSSION:**

The Coalition of Homeless Services Providers (CHSP) is a private, non-profit agency with a mission to promote interagency coordination, stimulate community-wide planning and coordinate programs for individuals and families who are homeless. CHSP is Monterey County’s designated Continuum of Care (CoC) Coordinator and lead agency for many of the county’s efforts to combat homelessness. This agreement funds and sustains the capacity of CHSP to provide the functions below:

- Administration of the Coordinated Assessment and Referral System (CARS), including staff to sustain and support the data system and manage training needs across the homeless service provider network to manage the CARS Master List.
- Support and advocacy for development of affordable housing, providing staff support and guidance to the Lead Me Home Leadership Council, the governing collective for the Five-Year Plan to Reduce Homelessness.
- Coordination of the Continuum of Care (CoC), which positions CHSP as the primary entity responsible for developing and submitting the consolidated CoC application and agency project applications to the Department of Housing and Urban Development. This process draws down approximately \$2 million in funding that supports many existing homeless service programs. This process and funding are vital to maintain operational services for persons experiencing homelessness in Monterey County.
- Supporting the Inclement Weather Plan, including collecting and notifying local service providers with important resource information during the inclement weather season when conditions impose an increased risk of hypothermia to homeless residents.
- Serving as the lead agency for the Homeless Management Information System (HMIS), including administering the contract with approved HMIS software vendors, providing technical support to end users, and management of day-to-day operations.
