**SUMMARY/DISCUSSION:**

San Andreas Regional Center (SARC) is a community-based, private non-profit corporation that is funded by the State of California to serve people with developmental disabilities as required by the Lanterman Developmental Disabilities Services Act. SARC is one of twenty-one (21) Regional Centers throughout California and serves individuals and their families who reside within Monterey, San Benito, Santa Clara, and Santa Cruz Counties.

SARC has a long-standing relationship with all counties. This Memorandum of Understanding (MOU) formalizes the protocols for assessment, treatment and payment for psychiatric services provided by the Monterey County Health Department, Behavioral Health Bureau for Medi-Cal beneficiaries that are dually diagnosed with developmental disabilities and mental illness. The cooperative efforts between Regional

Centers and County Mental Health agencies are necessary and meet compliance with the California Welfare and Institutions Code Division 4.5 Services for the Developmentally Disabled Chapter 6. Developmental and Support of Community Facilities and Programs Article 7. Regional Center Clients Requiring Mental Health Services, Section 4696 thru Section 4697. The mutual goal of both agencies is to increase the continuity of services and improve the mental health outcomes for consumers.

Under this MOU there is no termination clause as it is a State legislative mandate that SARC and counties maintain communication to decrease costs and minimize fiscal risk in serving individuals who are dually-diagnosed with a developmental disability and a mental illness.
