SUMMARY/DISCUSSION:

Qventus (formerly AnalyticsMD) is an operational decision support software system used by Natividad Medical Center’s Emergency Department (ED) and inpatient units that can improve department efficiency and productivity. The software utilizes real time patient flow data, such as registration data, staffing ratios, door to physician times, etc. to improve operational performance. This product provides real time reporting, as well as, predictive analytics tools. Through dashboards, alerts, and daily/weekly summaries of data, hospital management and administration teams can identify trends and look for the root causes of inefficiencies. Front line staff use the real time dashboards to monitor patient flow and are prompted to focus on problem areas to prevent bottlenecks. The tool also possesses predictive analytics functionality. Based on the real time dashboards, future trends in patient census are predicted which can automatically trigger alerts and notifications to front line staff to facilitate operational decisions that can alleviate staffing and patient discharge and admission bottlenecks. NMC is requesting to extend the term for two years.

NMC is requesting to amend the current Agreement to extend the term to cover ongoing operational software subscription and maintenance fees. This Renewal and Amendment No. 2 has a retroactive date of October 29, 2017, due to a delay in obtaining optimal pricing from the vendor.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed and approved this Renewal and Amendment No. 2 as to legal form and risk provisions, and the Auditor-Controller has reviewed and approved as to payment provisions. This Amendment No. 2 has also been reviewed and approved by NMC’s Finance Committee on September 28, 2017 and by its Board of Trustees on October 6, 2017.

FINANCING:

The cost for Renewal and Amendment No. 2 is \$190,000 of which \$95,000 is included in the FY17-18 Adopted Budget for this Agreement. Amounts for remaining years of the agreement will be included in those budgets as appropriate. There is no impact to the General Fund.
