RECOMMENDATION:

It is recommended that the Board of Supervisors:

Approve and authorize the Director of Health or Assistant Director of Health, to execute on behalf of the County of Monterey standard agreements, and any amendments thereto, for continued funding from public and private local, State, and Federal agencies for designated programs and to sign standard subcontractor agreements not to exceed \$100,000 associated with continued funding agreements for designated programs. Programs and their associated agreements are identified in an "Attachment A- Program Funding List" to the Board Report.

SUMMARY/DISCUSSION:

Board of Supervisors (Board) approval of this recommended action will enhance efficiency by allowing the Director of Health or Assistant Director of Health to continue to submit the approved resolution as authority to sign, submit grant applications and grant agreements to renew public and private funding for those designated programs without having to request Board approval for each grant application/agreement.

Attachment A - Program Funding List, includes Agreements the Board previously approved and delegated authority for the Director of Health or Assistant Director of Health to execute on behalf of the County. The Program Funding List includes programs funded by state and federal agencies, as well as private non-profits that make funds available to the Health Department (Department) to advance health equity, Health in All Policies,

population health, and integration and alignment efforts. Approval of this action will enhance efficiency by significantly reducing the number of board reports submitted for approval annually and will expedite execution of Agreements and receipt of funds by the County.

The Department will continue to secure Board approval for amendments to any grant agreements that require adjustments to the Adopted Budget for changes in revenue and appropriations, and/or adopted positions.
