SUMMARY/DISCUSSION:

The Health Department’s Behavioral Health Bureau operates the Drug Treatment County (DTC) programs at 118 West Gabilan Street, Salinas, California to provide alcohol and drug assessments, treatment referrals, case management, crisis intervention, group education and drug testing services to defendants who have been charged with drug-related crimes. Services are provided by a specialized team of Probation Officers and Behavioral

Health staff who provide intensive support and therapeutic probation supervision for crime prevention and rehabilitation. Monterey County judges regularly send defendants to the DTC Office for random drug testing with orders to provide results to the Court.

The Health Department's Behavioral Health Bureau would like to remain at the DTC on a month-to-month basis. The rent increase from \$1,788 to \$1,792 per month as it relates to the master lease is within market rates for a full-service subleasing relationship. Rent is set to increase with the master lease, estimated at 1.5% per year along with utilities at 5% per year. Staff's recommendation to authorize the Auditor-Controller to make a one-time retroactive lease payment in the amount of \$3,584 to the Judicial Council of California for 1,100 rental square feet of general office space located at 118 West Gabilan Street, Salinas, will cover the lease increase for the months of February and March 2022.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Initiatives: 1. To empower the community to improve health and 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health Services. It also supports the following of the ten essential public health services, specifically: 4.
