

to increase services provided to victims of crime. Additionally, the DA requests authorization to add three (3) new positions to the Victims/Witness Unit, two (2) Victim Witness Advocates and one (1) Legal Secretary.

DISCUSSION:

The DA was notified by CalOES of increased funding from the VWAP (Victim Witness Assistance Program) grant to provide expanded services to victims of crime in Monterey County. To that end, additional funding was provided for three new positions, two Victim Witness Advocates and one Legal Secretary. One of these advocates will be designated as a “Mass Casualty” advocate, a new capability for DA offices throughout the state, providing specialized services to those affected by any “Mass Casualty” event.

The Mass Casualty Advocate position was specifically requested to be created by CalOES, the Victim Witness Advocate and Legal Secretary positions are requested by the DA to support increasing level of services for victims of crime in our community. Utilizing existing positions was considered, however due to existing grant funding being utilized for all other advocates and assignments currently given to existing Legal Secretaries, new positions are requested utilizing these new funds.

The VWAP grant is funded by Federal Funds and these new funds were available on October 1, 2018, but until authorization is received from the Board and the positions created, these positions have not yet been filled.

OTHER AGENCY INVOLVEMENT:

Human Resources has reviewed and approved the Request to Classify forms for the Victim Witness Advocates and Legal Secretary positions and supports this action. The County Administrative Office and County Counsel have reviewed this report.
