Board Report

File #: A 22-265, **Version:** 1

Authorize payment of \$415,000 to Medical Information Technology, Inc. (MEDITECH), for cost of annual routine maintenance services on the various MEDITECH electronic health record software system modules implemented at Natividad Medical Center in the amount not to exceed \$369,819, and for cost of new interfaces and enhancements in the amount of \$45,181, for the period of July 01, 2022 through June 30, 2023 and subject to the terms and conditions of the parties' Healthcare Information System Software Agreement dated July 19, 2004.

RECOMMENDATION:

It is recommended the Board of Supervisors:

Authorize payment of \$415,000 to Medical Information Technology, Inc. (MEDITECH), for cost of annual routine maintenance services on the various MEDITECH electronic health record software system modules implemented at Natividad Medical Center in the amount not to exceed \$369,819, and for cost of new interfaces and enhancements in the amount of \$45,181, for the period of July 01, 2022 through June 30, 2023 and subject to the terms and conditions of the parties' Healthcare Information System Software Agreement dated July 19, 2004.

SUMMARY/DISCUSSION:

MEDITECH is Natividad's primary system for patient registration, clinical documentation, physician ordering, patient electronic health records, and financial records. The MEDITECH System consists of many modules and interfaces that all have required ongoing monthly maintenance fees to support the software. As additional modules, features, enhancements and interfaces are added to NMC's MEDITECH system, corresponding maintenance fees are incurred. Most of the routine modules as well as smaller upgrades, features and enhancements all have monthly maintenance fees.

MEDITECH's system is critical at NMC to patient care and documentation and the support and maintenance is absolutely needed by NMC. This request to pay the annual maintenance fees ensures that the system remains functional. \$45,181 of the \$415,000 is to be used for any routine one-time costs for small features, interfaces and customizations costing under \$15,000 each.

The Healthcare Information System Software Agreement, the County's original services agreement with MEDITECH, has a perpetual term and does include a 60-day notice to terminate clause.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this request, and the Auditor-Controller has reviewed and approved as to payment provisions. The request has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on April 8, 2022.

FINANCING:

The cost for this request is \$415,000 for FY22-23, all of which will be included in the FY22-23 Recommended Budget. There is no impact to the General Fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Ongoing system maintenance is necessary to keep the hospital's primary Electronic Health Record (EHR) system, MEDITECH,

functional and accessible. The system holds all patient records which is a vital part of care and treatment, therefore this request ultimately leads to improved care and health of NMC Patients. Regular maintenance also fosters a sound, secure and sustainable physical infrastructure.
