Board Report

File #: RES 14-027, **Version:** 1

Adopt Resolution:

- a. Accepting the 2013 Annual Report of Mileage for Maintained County Roads; and
- b. Authorizing the Director of Public Works to forward the resolution and summary sheet to the California Department of Transportation.

RECOMMENDATION:

It is recommended that the Board of Supervisors adopt a Resolution:

- a. Accepting the 2013 Annual Report of Mileage for Maintained County Roads; and
- b. Authorizing the Director of Public Works to forward the resolution and summary sheet to the California Department of Transportation.

SUMMARY/DISCUSSION:

The California Streets and Highway Code, Section 2121, requires counties to annually submit to the California Department of Transportation in May of each year any changes to the Mileage of Maintained County Roads. This information is used by the State for apportioning Highway Users Tax monies.

In 2013, the total roadway mileage, maintained by the County, increased by 0.16 miles. This is due to the opening of Inter-Garrison Road in East Garrison. This increased the total mileage maintained by the County to 1234.25. A summary sheet detailing the mileage increase is attached.

OTHER AGENCY INVOLVEMENT:

The California Department of Transportation will incorporate the revision into the State Certified Mileage of Maintained County Roads for Monterey County.

FINANCING:

There is no financial impact to the General Fund. However, miles maintained is a factor used in apportioning Highway Users Tax monies.
