### SUMMARY:

On April 28, 2005 the Zoning Administrator approved the La Jeunesse permit (PLN040476), which consisted of a Combined Development Permit consisting of: 1) a Coastal Administrative Permit to allow the removal of an existing 720 sq. ft. mobile home and construction of a new two-story single family residence (1,476 sq. ft. first floor, 1,152 sq. ft. second floor) with a 360 sq. ft. detached garage; 2) a Coastal Administrative Permit to allow the use of a motor home as a temporary residence during construction; and 3) a Coastal Development Permit to allow development within 100 feet of Environmentally Sensitive Habitat (maritime chaparral).

The approval included 17 conditions, including the conveyance of those portions of the property where sensitive habitats (maritime chaparral) and where the slopes exceed twenty five percent to the County through a Conservation and Scenic Easement Deed. The acceptance and recordation of the attached deed will satisfy Condition No. 6. Staff submitted the deed to the California Coastal Commission (CCC) for review per Title 20, Section 20.64.280.A.6.g. The CCC has approved the Conservation and Scenic Easement Deed as to form.
