It also operates an Animal Services Center located at 160 Hitchcock Road, Salinas, CA that offers an array of services, including but not limited to shelter, veterinary, quarantine, and licensing services.

Generally, the services to be provided to the City by the County Health Department's Animal Services Bureau include investigating reports of bite incidents and/or biting animals within the jurisdiction of the City, coordinating the efforts to de-brain and otherwise test biting animals for rabies, sheltering stray domestic animals, and providing quarantine holds for animals to rule out suspected rabies. In cases where a human being or domestic animal is bitten, the County Animal Services Bureau will transport tissue and properly dispose of rabid animal remains. The County Animal Services Bureau will quarantine biting domestic animals pursuant to state regulations and local ordinances and will produce and submit reports to the City and appropriate agencies. The City will compensate the County for provision of animal services as set forth in the Agreement.
