SUMMARY/DISCUSSION:

The County of Monterey Procurement Card (sometimes referred to as “P-Card”) is a charge card designed to enable designated permanent full-time County employees to make authorized purchases of supplies, materials, and travel costs for County business. The P-Card is NOT intended to replace existing procurement approaches or acquisition methods.

This Policy establishes both policy and guidelines for authorization, distribution, and appropriate use of the Procurement Card for the acquisition of approved goods and pre-approved services by County of Monterey employees. In addition, this policy is provided to ensure departmental and personal responsibility, and to provide minimum guidelines for the use of P-Cards by County Departments/Divisions and employees. County Departments/ Divisions may have more restrictive guidelines.

The County Procurement Card Program Coordinator is the County Administrative Officer or the designee of the County Administrative Officer which is the County Contracts and Purchasing Officer. Contracts and Purchasing administers and coordinates the County Procurement Card (P-Card) Program, currently overseeing 516 open P-Cards, spending an average of \$9million per fiscal year.

The Auditor-Controller’s Office partners with Contracts & Purchasing in analyzing Procurement Card usage and overall program evaluation. In addition, the Auditor-Controller’s Office - Internal Audit Division may perform periodic internal audits and monitoring of P-Card transactions to assess Cardholder and Department compliance with County policies.

Approving this policy will allow streamlines payments by eliminating the administrative burden and costs associated with traditional methods of payment.
