The Office of Emergency Services (OES) is requesting authorization for the Auditor Controller's to increase estimated revenue and appropriation in the amount of \$223,679 due to unanticipated revenue from the Bay Area Urban Area Security Initiative (UASI). The UASI is providing funding to the County of Monterey for the purchase of law enforcement homeland security equipment for use by the Sheriff's Office. This funding is authorized through an amendment of the FY 11 UASI-Monterey MOU for the distribution of grant funds. The specialized law enforcement equipment includes a custom built remote robot for the bomb response team. This equipment will enhance core capabilities of the public safety community in the area of homeland security terrorism detection and response. The grant funds must be expended no later than 12/1/2013.

### OTHER AGENCY INVOLVEMENT:

Office of Emergency Services will be the sub-recipient for the grant and will be responsible for the acquisition of all equipment as authorized by the grant and following federal and state grant guidelines. The Sheriff's Office is the receiver of the equipment for use by their special operations teams.

### FINANCING:

UASI funds will cover all expenditures for equipment. The increase was supported by the Board of Supervisors'

Budget Committee on August 28, 2013. The increased estimated revenue and appropriation will not impact the OES General Fund Contribution.
