RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Approve and authorize the Health Officer for the Monterey County Health Department (MCHD) to sign a Data Use Agreement and a Limited Data Request Form, with the Office of Statewide Health Planning and Development (OSHPD), to provide Data Sets from 2019 and 2020, to collect information for surveillance of preventable conditions, injury surveillance, the production of community assessments and health briefs; and
- b. Approve non-standard risk provision in Agreement as recommended by Director of Health; and
- c. Authorize the Health Officer for the Monterey County Health Department to sign future Data Use Agreements with OSHPD, subject to County Counsel approval, and related Limited Data Request Forms.

SUMMARY/DISCUSSION:

OSHPD offers several types of non-public data to local health departments and include data regarding Emergency Department, Inpatient Hospital and Ambulatory Surgery visits and requires a signed agreement to release the data to local health departments.

This data request will be used for public health purposes and will allow MCHD to conduct surveillance of preventable conditions and injury. The information obtained contains information will limit patient level information including age, ZIP code, related diagnosis visits and health outcome at time of discharge but does not contain names, exact date of birth or other identifiers. Once received, the data set are analyzed for various conditions that may not be reported on in other readily available reports or may be age adjusted, for which individual de-identified data are required. MCHD will utilize the data for Community Health Assessments, health briefs, internal reports for Health Officer or Director data requests. Per requirements of the agreement, MCHD will limit direct access to the raw data collected from OSHPD to only the approved data users and data will be saved on a secured county drive which is password and user protected.

This work supports the Monterey County Health Department 2018-2022 Strategic Plan Initiative: 4. Engage MCHD workforce and improve operational functions to meet current and developing population health needs. It also supports the following of the ten essential public health services, specifically: 1. Monitor health status to identify and solve community health problems.

OTHER AGENCY INVOLVEMENT:

The office of County Counsel and the Auditor-Controller have reviewed and approved this Agreement as to legal form and fiscal provisions, respectively.

FINANCING:

There will be no fiscal impact resulting from the approval of this action.
