### SUMMARY/DISCUSSION:

In October 2018, the County Administrative Office established the 2020 Census Complete Count Committee for Monterey County, launching the ambitious and vital endeavor to ensure a complete and accurate count of all who live in Monterey County. This began the strategic planning process in partnership with community based organizations and community leaders representing various local government entities as well as advocacy groups.

The County of Monterey is the 7<sup>th</sup> hardest to count county in California. According to the California Complete Count Office's hard-to-count (HTC) index, there are more than 230,000 County residents identified as HTC populations. That is nearly half of the entire population in Monterey County. There is a significant need for project management support to achieve the objective of the Complete Count Committee for Monterey County, to reduce the number of non-response households, most specifically within the County's HTC communities.

The Community Foundation for Monterey County (CFMCO), a key partner of the Complete Count Committee, currently manages funding from the California Complete County Committee's Administrative Community Based Organization via the Ventura County Community Foundation and the local philanthropic pooled funding contributions, intended for grantmaking to grassroots community organizations to support implementation of outreach and education efforts. Under the Agreement, the CFMCO will provide project management support focused on a. Outreach Coordination in North and South Monterey County, b. Education Cohesion between K12 and Higher Education, c. Media Development and Implementation.

### OTHER AGENCY INVOLVEMENT:

County partners in the 2020 Census Complete Count Committee for Monterey County include Health

Department, Department of Social Services, Information Technology Department, Civil Rights Office, and Libraries.

FINANCING:

The funds are contained in the County Administrative Office, Office of Community Engagement and Strategic Advocacy (OCESA) budget for FY 2019-20. There are no changes to appropriations.
