SUMMARY/DISCUSSION:

Contracts/Purchasing has been activated by the County Emergency Operation Center as the Logistics Support Section since the COVID-19 Pandemic began in March 2020. In this capacity, numerous agreements have been executed collaboratively in consultation with several emergency operatives and County Counsel to maintain public health and safety during the COVID-19 related emergency.

The COVID-19 Pandemic is currently being monitored and managed by the service agreements outlined in Exhibit A and are anticipated to extend beyond June 30, 2023. By approving and authorizing the Contracts/Purchasing Officer or his designee to execute the agreements and associated amendments in response to these emergencies, the continuity to services will be sustainable. These services enabled the County to ensure a reliable source of qualified vendors in response to the COVID-19 Pandemic.

Logistics is currently identifying how many more contracts have laps and or need increased funding once those are identified, they will be brought back to board for authorization to ratify and or execute.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed as to form and legality. During the activation of an emergency operation, the Auditor Controller does not approve fiscal provisions.

FINANCING:

Funds for these services are contained within the approved budget allocations of the department utilizing the services. Expenditures will depend on the actual services requested by the County.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
