RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Ratify execution by the Deputy Purchasing Agent of Natividad Medical Center (“NMC”) of a Letter of Interest, dated May 17, 2019, to the California Department of Health Care Services (“State DHCS”), confirming the interest of the County of Monterey d/b/a NMC (“County”) in working with State DHCS to participate in the Voluntary Rate Range Program for the period of July 1, 2018 to June 30, 2019, including providing a Medi-Cal managed care rate range Intergovernmental Transfer of Public Funds (“IGT”) to fund the nonfederal share of the Medi-Cal managed care actuarially sound capitation rate payments;
- b. Authorize the Deputy Purchasing Agent of NMC to execute the implementing IGT Agreement between the County and the State DHCS to fund the nonfederal share of the Medi-Cal managed care actuarially sound capitation rate payments for healthcare services rendered in the period of July 1, 2018 to June 30, 2019, pursuant to Sections 14164 and 14301.4(b)(4) of the Welfare & Institutions Code, in substantially the same form as that which has been presented to the Board without significant change to its content, for a total amount not to exceed \$9,800,000 plus a 20 % assessment fee applicable to non-exempt funds; and
- c. Authorize the Deputy Purchasing Agent of NMC to execute the execute amendments to the Health Plan-Provider Agreement with the Monterey-Santa Cruz-Merced Managed Medical Care Commission d/b/a Central California Alliance for Health (“CCAH”) to provide for Medi-Cal managed care rate payment increases to NMC for healthcare services rendered in the period of July 1, 2018 to June 30, 2019, at no less than 80.07% of the available rate increases specific to Medi-Cal Plan enrollees in Monterey County.

SUMMARY/DISCUSSION:

DHCS administers the Medi-Cal program, under which health care services are provided to qualified low-income persons. Inpatient and outpatient hospital services are a covered benefit under the Medi-Cal program, subject to utilization controls. Existing law provides for Medi-Cal payments to hospitals.

An IGT is an elective transfer of eligible local dollars to the State DHCS in support of the Medi-Cal program, which is authorized in accordance with Section 14164 and other provisions of the Welfare and Institutions Code that are typically program specific. If the State accepts the transfer, the State shall obtain Federal Financial Participation (“FFP”) to the full extent permitted by federal law.

In the past, NMC has voluntarily provided IGTs to DHCS in support of the Medi-Cal managed care program as authorized pursuant to Section 14301.4 of the Welfare and Institutions Code. The local fund transfers are effectuated pursuant to an IGT agreement (and an IGT fee assessment agreement if applicable) between the State DHCS and the participating public provider/entity. The opportunity to participate in providing such voluntary IGTs allows for the use of local dollars to make increased payments from plans available to public providers such as NMC to preserve and strengthen the availability and quality of services provided by such providers. In Monterey County, the Monterey-Santa Cruz-Merced Managed Medical Care Commission d/b/a Central California Alliance for Health (“CCAH”) is the local County Organized Health System, which has an existing agreement with NMC to provide clinical and other medical care services covered by Medi-Cal to enrollees of the Plan. NMC participated in the voluntary Rate Range IGT program for the 2017-18 rate year and has received approximately 82.55% of the available rate increases from CCAH.

In order to participate in the voluntary Rate Range IGT program relating to the Medi-Cal managed care capitation rates for the period of July 1, 2018 to June 30, 2019, State DHCS has requested the execution of an IGT Agreement for the amount of IGTs based on relevant enrollment figures, and includes a 20% assessment fee applicable to non-exempt funds as determined by State DHCS. DHCS will perform periodic reconciliations using actual enrollment figures, including actual member months per rate category. The reconciliations can result in increased or decreased IGT amounts from NMC, and, correspondingly, the available amounts of rate range payments will vary. The enrollment figures will be considered final two years after June 30, 2019. The IGT Agreement estimated due date is July 31, 2019. The transfer is to occur in Fiscal Year 2019-20 or FY 2020-21.

Additionally, amendments to the current Health Plan-Provider Agreement between NMC and CCAH will be necessary to provide for the negotiated payment increases for services rendered during the period of July 1, 2018 to June 30, 2019, at no less than 80.07% of the available rate increases specific to Medi-Cal Plan enrollees in Monterey County. As described above, the total amount that is actually available will vary.

The Board could choose not to participate, in which case NMC and the County would be precluded from participating in the IGT program for the period of January 1, 2018 to June 30, 2019.

OTHER AGENCY INVOLVMENT:

County Counsel has reviewed and approved the IGT Agreement as to legal form. The Auditor-Controller has reviewed and approved the Agreement as to fiscal provisions. The IGT Agreement has been reviewed and approved by the NMC Finance Committee on June 7, 2019 and by its Board of Trustees on June 7, 2019.

FINANCING:

The expected IGT transfer will be financed by NMC. There is no impact to the General Fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The opportunity to participate in an IGT allows for the use of local dollars to obtain the federal matching in payments designed for public providers such as NMC and preserve and strengthen the safety net services in Monterey County.
