SUMMARY/DISCUSSION:

The City of Seaside Youth Diversion Program is a partnership between the City of Seaside Police Department and the Monterey County Health Department, Behavioral Health Bureau (County) to intervene in the early incidence of juvenile delinquency by providing counseling services to youth at risk of school failure and at risk of juvenile justice involvement. The goal is to have twenty-five (25) youth and their families served each fiscal year. The Youth Diversion Program in the City of Seaside has been implemented since Fiscal Year 2009-10.

The County provides a half-time therapist to provide outreach and counseling services to youth in the Youth Diversion Program at the Seaside Police Department. The County receives Prevention and Early Intervention (PEI) funds under the Mental Health Services Act (MHSA) to implement the Youth Diversion Program.

This work supports the Monterey County Health Department 2011-2015 strategic plan initiative: 2) Enhance community health and safety by emphasizing prevention. It also supports two of the ten essential public health services, specifically: 4) Mobilize community partnerships and action to identify and solve health problems, and 6) Enforce laws and regulations that protect health and ensure safety.

OTHER AGENCY INVOLVEMENT:

County Counsel, Auditor-Controller, and Risk Management have reviewed and approved this Agreement as to legal form, fiscal provisions, and insurance requirements. Agreement is on file with Clerk of the Board.

FINANCING:

This Agreement is funded by MHSA/PEI (100%) revenues. The funds for this Agreement (\$56,223) are included in the Health Department's Behavioral Health (HEA012, Unit 8410) Fiscal Year 2014-15 Requested Budget.
