SUMMARY/DISCUSSION:

Monterey County was awarded a 4-year Mental Health Student Services Act (MHSSA) grant from the Mental Health Services Oversight and Accountability Commission to provide mental health support services within Monterey County public schools. The County, as the lead agency, has partnered with Monterey County Office of Education (MCOE) to provide supports through the implementation of the Interconnect Systems Framework (ISF). The ISF integrates Positive Behavior Interventions and Supports and school mental health into one comprehensive model. When implemented with fidelity, the ISF increases collaboration, efficiency and communication between the education and mental health systems. MCOE will oversee the implementation of the ISF in Monterey County schools as part of the MHSSA grant award. The Memorandum of Understanding identifies mutual indemnification and insurance provisions.

This work supports the following Monterey County Health Department 2018-2022 Strategic Plan Initiative: 3. Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7. Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

The Office of the County Counsel, Risk Management, and Auditor-Controller have reviewed and approved this MOU as to legal form, insurance, and fiscal provisions, respectively.
