SUMMARY/DISCUSSION:

The County of Monterey Health Department, Behavioral Health Bureau (BHB), currently utilizes a Board-approved SUD Services Agreement (“Agreement”) boilerplate to contract with providers providing substance use disorder services to eligible Medi-Cal beneficiaries of Monterey County.

Behavioral Health seeks Board approval of a revised and updated standard boilerplate agreement drafted in accordance with the requirements for contract payment reimbursement and cost and revenue reporting of the California Advancing and Innovating Medi-Cal (CalAIM) program a multi-year California Department of Health Care Services (DHCS) initiative to improve the quality of life and health outcomes of our population by implementing a broad delivery system, program, and payment reform across the Medi-Cal program. In addition, as part of BHB’s Drug Medi-Cal Organized Delivery System (DMC-ODS) Waiver and Substance Use Block Grant (SUBG) services, BHB updated the Agreement’s boilerplate language to remain in compliance with our contract with DHCS.

The County currently has one-year SUD Agreements, which will expire June 30, 2024, with the following local providers:

- Agreement A-16395 with CHS for a current contracted dollar amount of \$5,083,737. CHS provides, residential services for adults, outpatient group and individual therapy for adults including case management and Medication Assisted Treatment (MAT). In addition to narcotic treatment services such as methadone dosing, CHS also provides Buprenorphine, Disulfiram and Narcan.
- Agreement A-16497 with DTH for a current contracted dollar amount of \$1,685,477. DTH provides residential services for adults, outpatient group and individual therapy for adults including case management and recovery services.
- Agreement A-16498 with SSC for a current contracted dollar amount of \$7,036,462. SSC provides residential services for adults, outpatient group and individual therapy for youth and adults including case management and recovery services. SSC also provides prevention services for youth, parents, and caretakers.
- Agreement A-15387 with The Epicenter for a current contracted dollar amount of \$704,857. The Epicenter provides Friday Night Live (FNL)/Club Live (CL) SUD Prevention Program services to both transition age youth of High School age and youth in our community.
- Agreement A-16499 with VHA for a current contracted dollar amount of \$1,348,626. VHA provides outpatient group and individual therapy for adults and youth including case management and MAT. In addition to narcotic treatment services such as methadone dosing, VHA also provides Buprenorphine, Disulfiram and Narcan.

Both the current Agreement template and the new standard agreement template incorporates the County standard risk provisions for insurance and indemnification.

To ensure continuity in the provision of SUD services to eligible residents in Monterey County, the Department seeks authorization to execute SUD Agreements with CHS, DTH, SSC, The Epicenter and VHA effective July 1, 2024, utilizing the updated SUD standard agreement boilerplate subject to further review and approval of

County Counsel, County Risk Manager, and County Auditor Controller.

Behavioral Health is submitting this comprehensive board report to enhance contracting efficiency by allowing the Director of Health Services or designee to execute agreements for SUD services without having to request separate Board approval for each agreement. Behavioral Health seeks to enter into new agreements with contractors that historically have provided quality SUD treatment services to County residents for many years. The providers listed in the Title Section, paragraph (b) have agreed to the County's standard boilerplate insurance and indemnification provisions. The Department will continue to secure Board approval for amendments to any agreements that significantly change the scope of services and in total exceed the 10% of original agreement amount.

This work supports the following County of Monterey Health Department 2018-2024 Strategic Plan Goal(s): 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel, Risk Management, and Auditor-Controller have reviewed and approved the revised County of SUD Services Agreement template ("standard template agreement") as to legal form and fiscal provisions, respectively and are supportive of request to authorize the Director of Health Services or designee to execute agreements with identified providers and others meeting County standard agreement requirements.

FINANCING:

The funds for these agreements are included in the Health Department Behavioral Health (HEA012, Unit 8410) FY 2024-25 Adopted Budget. Approval of this action has no impact on the County General Fund.
