Introduce, waive the reading, and set December 8, 2015 at 10:30 a.m. (Consent Agenda) as the date and time to consider adoption of an ordinance amending section 12.24.020 of the Monterey County Code to establish a four way stop intersection at Guadalupe Street and Pico Avenue in the Carmel area in the unincorporated area of the County of Monterey.

RECOMMENDATION:

It is recommended that the Board of Supervisors introduce, waive the reading, and set December 8, 2015 at 10:30 a.m. (Consent Agenda) as the date and time to consider adoption of an ordinance amending section 12.24.020 of the Monterey County Code to establish a four way stop intersection at Guadalupe Street and Pico Avenue in the Carmel area in the unincorporated area of the County of Monterey.

SUMMARY/ DISCUSSION:

The County received a request to establish an all-way stop at the intersections of Pico Avenue and Guadalupe Street as well as Pico Avenue and Santa Rita Street. Pico Avenue and Guadalupe Street is currently a two-way stop. Monterey County Resource Management Agency-Public Works (RMA-PW) staff reviewed the intersections and recommends the installation of an all-way stop at the intersection of Pico Avenue and Guadalupe Street due to sight distance constraints. RMA-PW staff determined that an all-way stop at Pico Avenue and Santa Rita Street is not necessary at this time since it does not meet any of the criteria for all-way stop control found in the California Manual on Uniform Traffic Control Devices (Ca MUTCD).

OTHER AGENCY INVOLVEMENT:

The Office of the County Counsel has approved the ordinance as to form.

FINANCING:

There is no financial impact to the General Fund. Traffic control devices are paid from the Road Fund. The cost to install the necessary signing is estimated at \$800.00. There are sufficient appropriations available in the

Road Fund (Fund 002, Subfund TRAF, Unit 8195) to finance this work.
