### SUMMARY/DISCUSSION:

Alliance on Aging in Salinas, CA provides bilingual and bicultural Senior Peer Counseling services that consists of prevention and early mental health intervention support to older adults (age 55 and older) suffering from depression, anxiety, grief, loss, isolation, adjustment to chronic illness, and other stressors that can occur in the latter third of life. Peer Counselors provide short term one-on-one counseling to older adults impacted by stresses associated with aging that result in distressing emotional states and/or impair the person's ability to

function. Senior Peer Counselors also facilitate support groups that foster emotional support, encouragement, self-empowerment, connection to others, and a safe venue for self-expression. The program emphasizes culturally-competent approaches to improving mental/emotional and physical health.

It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provisions of health care when otherwise unavailable.
