SUMMARY:

This action would stay the expiration of the Vesting Tentative Map for the Ferrini Ranch Subdivision project while litigation is pending on the approval of the map. The stay would expire when the litigation is concluded or five years from the filing of the litigation (January 15, 2020), whichever is sooner. On December 16, 2014, the Board of Supervisors approved the Combined Development Permit for the Domain Corporation (Ferrini Ranch) Subdivision project. LandWatch Monterey County, California Utilities Service and the Highway 68 Coalition each filed lawsuits challenging the County's approval of the project. The stay is pursuant to the Subdivision Map Act, which provides for a stay of the expiration period of the Map while litigation is pending for up to five years, if the subdivider applies for and the County approves the stay. (Government Code Section 66452.6.c.)

DISCUSSION:

On December 16, 2014, the Board of Supervisors approved the Combined Development Permit for the Domain Corporation (Ferrini Ranch) Subdivision project. On January 15, 2015, the Highway 68 Coalition filed a lawsuit challenging the County's approval of the project (Monterey County Superior Court Case No. M130660). Additionally, on January 15, 2015, a second lawsuit was filed by California Utilities Services, challenging the County's approval of the project (Monterey County Superior Court Case No. M130665). On January 16, 2015, a third lawsuit was filed by LandWatch Monterey County, challenging the County's approval of the project (Monterey County Superior Court Case No. M130670).

Government Code Section 66452.6(c) provides that the life of a tentative subdivision map shall not include any period of time during which a lawsuit involving the approval of the map is or was pending in a court of competent jurisdiction if the stay of the time period is approved by the local agency. Upon request, the local agency may stay the time period for up to five (5) years. Monterey County Code Section 19.050.060.B provides that the vesting tentative map shall expire twenty-four (24) months after its approval unless litigation involving the approval of the tentative map has been filed and is a stay of such time period is approved by the County following a written request of the subdivider. A written request from Tony Lombardo, Anthony Lombardo & Associates, on behalf of Domain Corporation was received by the County on March 2, 2016 (**Attachment A**). Without the requested stay, the map will expire on December 16, 2016. No issues have been raised which would warrant that the stay not be approved. Accordingly, staff is recommending that the Board approve the request to stay the time period of the expiration of the map up to January 15, 2020, while litigation is pending.
