The Department of Social Services, through its Family and Children's Services branch, provides child protective services on behalf of children who have been victims or are at high risk of abuse, neglect, abandonment or exploitation. between the agencies will enable development of interagency treatment strategies to ensure maximum coordination with existing community resources, avoid duplication of efforts, and provide joint maximum support and assistance to patients/clients by formalizing a multi-disciplinary effort.

Natividad Medical Center, as a County department, is an ongoing participant in this multi-disciplinary effort and has signed the interagency MOU.
