SUMMARY/DISCUSSION:

The Bright Futures Education Partnership is a community partnership of diverse members fostering progress in education outcomes for local students, from cradle to career, and improving the pipeline of quality talent within Monterey County.

The Bright Futures initiative fosters progress and community action in four primary ways: 1) Shared Vision and Goals, 2) Data, 3) Innovation, and 4) Solutions.

The Community Vision for Bright Futures is that our children obtain an education that leads to bright futures, and our community thrives with promising talent. To see a future where all youth finishing high school each year then go on to complete the education required to launch them into promising careers, setting them on a course for a lifetime of prosperity; a future where our community thrives from the talent of these vibrant young professionals as they change our world with fresh thinking innovations, and positive relationships.
