### FINANCING:

The East Garrison Disposition and Development Agreement (DDA) obligates the (now) Successor Agency to use tax revenues ("tax increment") generated from the East Garrison project to provide financial assistance for DDA administration, affordable housing, public facilities, and historic building rehabilitation. On February 1, 2017, the Agency submitted the to the State Department of Finance the Recognized Obligation Payment Schedule (ROPS) for FY2017-2018 (July 1, 2017 to June 30, 2018), which included funding for Successor Agency wind-down as well as East Garrison administration costs and funding for the Fire Station construction. On March 13, 2017 the Department of Finance (DOF) approved the ROPS for FY2017-18 which included funding for: \$300,000 for East Garrison administrative costs; \$248,137 for Successor Agency administrative wind-down costs; and \$2,250,000 for East Garrison facilities (fire station). The fire station construction start was delayed by a few months in the prior FY2016-17, so staff is preparing to submit an Amended ROPS for FY2017-18 period "B" (January 1, 2018 to June 30, 2018) accordingly. The Oversight Board to the Successor Agency is scheduled to consider the Amended ROPS on September 14, 2017. The Amended ROPS is due to

the DOF on October 1, 2017.

A hearing for the Successor Agency's lawsuit against the DOF took place in April 2017. The judge ruled in favor of the DOF, and the Successor Agency is preparing to file an appeal.
