SUMMARY/DISCUSSION:

The County's annual budget development cycle begins with a financial forecast, which entails a comprehensive mid-year review of planned spending and anticipated revenues for the current year, budget year, and two additional out years. The result of this review is an assessment of the County's financial condition, emerging needs and the capacity to fund those needs as well as current levels of service and operations for the remainder of the fiscal year and beyond. Please see the attached Monterey County Financial Forecast for details.

OTHER AGENCY INVOLVEMENT:

Development of this forecast is a cooperative effort between all departments and the County Administrative Office.

FINANCING:

There are recommended modifications for the District Attorney and Emergency Communications, which consider receipt of additional revenue above the amounts in the adopted budget. Please see Attachment A for details.
