SUMMARY/DISCUSSION:

The Health Department Clinic Services Bureau (Clinic Services) operates nine community clinic sites designated as Federally Qualified Health Center Look-Alikes (FQHC-LA), which provide preventative, primary, and specialty medical care services. FQHC-LA clinic sites are governed and regulated by the Health Resources and Services Administration (HRSA) to provide primary health services to all patients regardless of ability to pay.

Required and additional services within the clinics HRSA approved scope of project that are not directly provided by the clinic must be made available to patients through a formal written referral arrangement. A required service that must be referred due to the clinics not having the appropriate equipment or staff is diagnostic radiology. Salinas Valley Radiologists, Inc. offers multiple locations in Monterey County and is one of the entities where Clinic Services patients are currently being seen for diagnostic radiology services. This is a non-exclusive Agreement. As stated in the Agreement, Clinic Services has the right to contract and refer to other entities for the same or similar services.

FQHCs are required by HRSA, as defined by the federal Section 330 of the Public Health Service Act statute, to establish a Sliding Fee Discount that outlines a fee schedule for its services that is consistent with locally prevailing rates and reflects the clinic's reasonable costs of providing services. For services provided via formal referral arrangements, the referred to entity shall make available a Sliding Fee Discount to eligible patients who are at or below 200% of the Federal Poverty Level to assist with the costs of their care.

This work supports the Monterey County Health Department 2011-2015 Strategic Plan Initiatives: 3) Ensure access to culturally and linguistically appropriate, customer-friendly, quality health services. It also supports one of the ten essential public health services, specifically: 7) Link people to needed personal health services and assure the provision of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

County Counsel and the Auditor-Controller have reviewed and concur with this recommendation. Risk Management has not reviewed approved the non-standard mutual indemnification provision. The Health Department recommends moving forward as it is a licensure requirement from HRSA to have formal written arrangements.

FINANCING:

There are no fiscal provisions within this Agreement.
