SUMMARY:

On October 1, 2018, this Administrative Design Approval came before the Carmel Unincorporated Highlands Land Use Advisory Committee (LUAC) after a request for a public hearing. The LUAC requested additional information from the agent representing the applicant, who in turn asked for a continuance of the LUAC hearing. The agent has also requested a continuance of the Zoning Administrator hearing in order to address the LUAC's concerns and provide RMA Planning with additional project information related to proposed development that was not included in the original scope of work.

On October 2, 2018, staff received the attached letter from the applicant requesting a continuance to a date uncertain, to further address issues raised by the LUAC on October 1. Since the matter is being continued to a date uncertain, a new public notice will be published. In addition, staff will review any additional application materials to determine what, if any, additional entitlements are needed to cover the revised scope of the work.

OTHER AGENCY INVOLVEMENT:

No other agencies have reviewed the project.
