Date	Ver.	Action By	Action	Result
7/28/2020	1	Board of Supervisors		

Authorize the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No. 4 to the agreement (A-13524) with Meta Dynamic, Inc. for rental of neurosurgery equipment plus associated services, extending the agreement an additional two (2) year period (April 15, 2020 through April 14, 2022) for a revised full agreement term of April 15, 2015 through April 14, 2022, and adding \$200,000 for a revised total agreement amount not to exceed \$475,000.

RECOMMENDATION:

It is recommended the Board of Supervisors:

Authorize the Deputy Purchasing Agent for Natividad Medical Center (NMC) or his designee to execute renewal and amendment No. 4 to the agreement (A-13524) with Meta Dynamic, Inc. for rental of neurosurgery equipment plus associated services, extending the agreement an additional two (2) year period (April 15, 2020 through April 14, 2022) for a revised full agreement term of April 15, 2015 through April 14, 2022, and adding \$200,000 for a revised total agreement amount not to exceed \$475,000.

SUMMARY/DISCUSSION:

Intraoperative image guided navigational surgery (IGS) allows the surgeon to operate within a surgical site whose standard anatomical landmarks may be ambiguous because of tumor, infection, fracture or previous surgery. Studies suggest that IGS may result in decreased complications, increased disease removal, decreased length of stay and in some cases decreased operative time.

Meta Dynamic supplies the Neuro Navigation system which includes the equipment, hardware and software to perform image guided neurosurgery. Digital patient data is uploaded from the computed tomography (CT) or magnetic resonance imaging (MRI) located at Natividad Medical Center to the Neuro Navigation system in the Operating Room (OR) assisting the surgeon in identifying the right surgical approach and more specifically landmarks. Surgeons are guided through procedures with real time data allowing for smaller skull and back (spine surgery) incisions thereby minimizing damage to healthy structures. With the universal instrument holder (VarioGuide™), preplanned trajectories can be targeted systematically within seconds and anytime during the surgery.

The equipment arrives from Meta Dynamic within twenty-four (24) hours of surgery. The Meta Dynamic technician arrives within

one (1) hour of surgery and sets up the equipment. The technician assists the surgeon with the operation of the equipment. The equipment and services provided by Meta Dynamic have aided Natividad's surgical staff tremendously in performing complex surgeries and it utilized quite a bit. This amendment is to add funds to the agreement to cover current costs and includes enough additional which is projected to last through expiration of the agreement.

NMC is requesting to amend the current Agreement to extend the term to cover ongoing operational rental fees. This Renewal and Amendment No. 4 has a retroactive date of April 15, 2020, due to a delay in obtaining optimal pricing from the vendor.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this renewal and amendment No. 4 as to form, and the Auditor-Controller has reviewed and approved as to payment provisions. The renewal and amendment No. 4 has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on July 10, 2020.

FINANCING:

The cost for this renewal and amendment No. 4 is \$200,000, of which \$130,000 is included in the Fiscal Year 2020-21 Adopted Budget.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

The services rendered in this agreement supports the Board of Supervisor's strategic initiative to "improve the health and quality of life through County supported programs and services" by providing the technology necessary for these type of procedures to be performed locally, keeping families at home.

- ☐ Economic Development
- ☐ Administration
- ☒ Health and Human Services
- ☐ Infrastructure
- ☐ Public Safety
