The Conservation and Scenic Easement Deed and Map is appended to this Board Report as **Attachment B**.

PROJECT INFORMATION:

Agent: Aengus Jeffers

Owner: El Why Square, LLC

APN: 008-491-021-000

Parcel Size: 2.98 acres

Plan Area: Del Monte Forest Land Use Plan

SUMMARY/DISCUSSION:

The subject property is located along Seventeen-Mile Drive in Pebble Beach, within the Pebble Beach Planning area of the Del Monte Forest Land Use Plan. On August 8, 2017, the Monterey County Planning Commission adopted a resolution (Res. No. 17-032) (**Attachment C**) to approve a Combined Development Permit for the demolition of an existing single-family dwelling and attached garage and construction of a 13,884 square foot single-family dwelling and attached garage. Based on Monterey County Geographic Information System data and a Preliminary Cultural Resources Reconnaissance (Morely, File No. LIB160238), the Commission adopted a Resolution that included Finding No. 1, Evidence “g”, in which it concluded that the project site contains archaeological resources. To minimize potential impacts to these resources and in accordance with the Del Monte Forest Land Use Plan (DMF LUP) and Coastal Implementation Plan, Part 5 (CIP), the applicant agreed to Condition No. 30 (Mitigation Measure No. 11), which will facilitate conveyance of a conservation easement over the areas on the property where archaeological resources were identified.

In compliance with Condition No. 30, the applicant has submitted the Conservation and Scenic Easement deed with the metes and bounds legal description and map showing the general location of the easement on the property (**Attachment B**). Due to the sensitive and confidential nature of cultural resources, this deed does not indicate where resources were found. Moreover, the deed describes a larger area than that containing the known cultural resources to ensure that the exact location remains unknown to the public.

The preservation of this area would allow for the protection of sensitive archaeological resources in perpetuity and for residents to enjoy the area’s open space. No development, including utilities, will be allowed in this easement area. Therefore, staff recommends the Board accept, execute, and consent to the recordation (**Attachment A**) of the Conservation and Scenic Easement Deed.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA):

The project is categorically exempt from environmental review pursuant to section 15317 of the CEQA Guidelines. This exemption applies to easements that maintain open space character of an area. The acceptance of the Conservation and Scenic Easement Deed is consistent with this exemption. None of the exceptions under CEQA Guidelines section 15300.2 apply to this project. The project is not located on a hazardous waste site, near a scenic highway, is not likely to effect cultural resources and will not have a significant effect on the environment. Therefore, the project is categorically exempt.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has approved the Conservation and Scenic Easement Deed and Map as to form.

FINANCE:

Funding for staff time associated with this project is included in the FY2020-21 Adopted Budget for RMA-Planning. All costs associated with maintenance of the easement will be borne by the project applicant (Grantor) of the easement, not the County (Grantee).

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This action represents effective and timely response to our RMA customers. Processing this application in accordance with all applicable policies and regulations also provides the County accountability for proper management of our land resources.
