### SUMMARY/DISCUSSION:

Natividad Medical Center utilizes the registry services provided by Focus One to staff hard to fill clinical positions and obtain extra staff to cover anticipated staff needs during the COVID-19 pandemic. Focus One assists the hospital by ensuring the hospital's staffing needs are met to ensure high-quality patient care. Focus One Solutions provides NMC a one-stop search agency for nurses and other clinical staff. Focus One has a network of over four dozen independent agencies that provide the needed staff. Natividad uses the registry services to fill positions on a temporary basis in the Emergency Department, Intensive Care Unit, Medical Surgical Unit, Labor and Delivery, Surgery, Neonatal Intensive Care, Mental Health Unit, Rehabilitation,

Physical and Occupational Therapy Services, Diagnostic Imaging, Interventional Radiology, Clinical Laboratory, and Pharmacy.

Natividad is requesting an additional \$10,000,000 to cover the costs of additional nursing staff needed due to the increased need for Intensive Care Unit and Medical Surgical nurses. The increase in need is due to the increase in these specific types of patients and the increased acuity of the patients. The nurse to patient ratios in these areas are often a 1:1 or a 1:2 due to the COVID-19 pandemic.

Focus One Solutions, LLC was selected through a competitive solicitation process. Natividad issued a Request for Proposal (RFP) #9600-62 on August 22, 2016, to solicit a new agreement for a healthcare vendor management system from a qualified contractor. Four (4) proposals were received for consideration from interested vendors. Upon a thorough selection process by Natividad, which included online demonstrations of the vendor management system, Focus One Solutions, LLC was awarded the agreement. There is no cost to NMC to utilize the Vendor Management System as the vendor is paid by the registry companies for their services. Therefore, the total amount paid by NMC is for services performed by the registry staff.
