SUMMARY/DISCUSSION:

The Health Department has the ability to provide a learning environment for students who require practical field experience education, while also increasing potential to attract future job candidates to the Health Department workforce.

This Agreement with GCU is based on the Board-approved Student Placement Agreement template that was approved by the Board on May 04, 2021 and provides the County of Monterey with standards of policy, procedures, and best practices for student placement. Although the Health Department is requesting an

Indemnification modification to this Agreement with GCU, it continues to be the goal of the Health Department to use the template pre-approved by the Monterey County Board of Supervisors for each participating university and/or college to help streamline administrative processing and reduce the timeline for execution.

While this work is not directly in support of the Health Department Strategic Initiative, it is in support of one or more of the ten essential public health services, specifically: 4. Mobilize community partnerships and action to identify and solve health problems and 8. Assure competent public and personal health care workforce.
