SUMMARY/DISCUSSION:

As a result of new Affordable Care Act initiatives, the Pandemic, and the economic challenges in the community, the Department of Social Services Community Benefits Branch, the department continues its agency goal to meet the needs of our community with the complexity and volume of work for applicants and ongoing recipients, which is currently 183,000. The increase in workload has strained the Department's capacity and Staff are unable to keep up with the increased demand which is expected to continue growing. In addition to the new applications, staff will also be processing approximately 5,000 to 8,500 benefit re-determinations monthly. The request for 21 positions represents two units who will specialize in Medi-Cal only, processing applications and conducting re-assessments on current caseload. The Medi-Cal allocation for Monterey County has increased by \$3,518,646 this fiscal year and can absorb the additional position costs.

Over the past two years, the Medi-Cal program has expanded to include full scope Medi-Cal eligibility to young adults through age 25 and increased the income disregard of all countable income up to 138% of the federal poverty level for aged, blind and disabled individuals. The Medi-Cal program now has 80 Medi-Cal aid categories that an eligibility specialist must ensure they are reviewing and determining eligibility for, which includes different income levels and eligibility criteria. In addition, Assembly Bill 133 will expand eligibility for full scope Medi-Cal to individuals who are 50 years of age or older who do not have satisfactory immigration status by May 01, 2022, and the American Rescue Plan Act will extend pregnancy postpartum care to 12 months effective April 01, 2022. With the expansion of the program, systems and/or resources have been added for individuals to submit an application or agency referral on behalf of an individual which includes; Covered CA, BenefitsCal, County Jail Prerelease Inmate Applications, State Prison Prerelease, Application/Referrals from Breast and Cervical Cancer Treatment Program, Application/Referral from San Andreas Regional Center for Home and Community Based Waivers, Social Security Low-Income Subsidy Assistance Referrals, SSI Craig vs. Bonta referrals, phone, mail, fax and in-person. All of these different methods/portals of applications require constant monitoring, follow-up with customers and updates to procedures for staff as changes occur. The additional front-line staff of Eligibility Specialists and Supervisors will allow the Department to address the growth in community need while sustaining efforts to provide community outreach while also meeting the federal/state mandates for program accuracy and timely eligibility determination.

The Department recommends amending the Department of Social Services Budget Unit 001-5010-SOC005-8262 to add the following positions as per Attachment A:

<u>Classification</u>	<u>Code</u>	<u>FTEs</u>	<u>Change</u>	<u>FTEs</u>
Eligibility Specialist II	25E21	16814	182	
Eligibility Specialist III	25E22	107 4	111	
Eligibility Supervisor	25E80	38 240		
<u>Management Analyst III</u>	<u>14C31</u>	<u>13 114</u>		
TOTAL			21	

OTHER AGENCY INVOLVEMENT:

The Human Resources Department has reviewed and approved the request to classify for these positions and

the County's Budget Committee reviewed and provided their support on December 16, 2021. County Counsel has approved to form.

FINANCING:

The Department's recommendation of adding 21 positions: fourteen (14) Eligibility Specialist II, four (4) Eligibility Specialist III, two (2) Eligibility Supervisors, and one (1) Management Analyst III nets an increase of \$2,491,484 annually, and \$1,038,118 pro-rated (5 months) for the FY 2021-22 Adopted Budget. These positions are funded by Medi-Cal funding with a very small amount that is County share for the Management Analyst which will be covered by realignment Funds as shown below:

Description	Expenditures	Medi-Cal Funding	'1991 Tax Realignment
21 Positions, Annually	\$2,491,484	\$2,465,555	\$25,928
21 Positions, 5 Months	\$1,038,118	\$1,027,315	\$10,804

The Department is requesting an increase in appropriations and revenues in the amount of \$1,038,118 for the Social Services 001-5010-SOC005-8262 FY 2021-22 Adopted Budget. The Medi-Cal funding allocation for Monterey County in FY 2022 is \$33.7 million, an increase of \$3.5 million from the prior fiscal year, less \$1.2 million in one-time funding for benefit re-determinations. The ongoing increase in allocation of \$2.4 million supports this additional increase. Recommended actions will not require additional County General Fund contributions (GFC) in DSS in the current or next fiscal year as additional cost will be managed within the Department's allocated GFC.
