SUMMARY/DISCUSSION:

The County of Monterey, Health Department's Public Guardian/Administrator/Conservator Bureau (Public Guardian) operates under the authority and direction according to the California Probate Code and as appointed by the courts in the provision of the following services that include but are not exclusive to: individual assessments, fiscal management, location of housing, establishment/eligibility of government and private

benefits, coordination of care, targeted case management visitations, and overall individual client support.

To track the fiduciary and case management services provided, Public Guardian staff utilize the PG-ProWeb solution developed by Panoramic Software, Inc. The approval of this recommended action will enable continuity of tracking the services provided and meet reporting requirements to the Superior Court.

While this work is not directly in support of a Health Department strategic goal, it is in support of one or more of the ten essential public health services, specifically: 1. Monitor health status to identify and solve community health problems and 7. Link people to needed personal health services and assure the provision of health care when otherwise unavailable.

OTHER AGENCY INVOLVEMENT:

The Offices of County Counsel and the Auditor-Controller have reviewed and approved this Agreement as to legal form and fiscal provisions, respectively.

FINANCING:

Funding for this agreement is included in the Health Department's Public Guardian Bureau (4000-HEA008-8118) FY 2023-24 Requested Budget. Provision for subsequent renewals to the software subscription will be made in the Department's Requested Budget for the years out as needed.
