

## Board Report

---

File #: PC 16-069, Version: 1

---

### **REF100042/REF130043 SHORT-TERM RENTAL ORDINANCES**

- a. Conduct a public workshop to receive information on STR characteristics and thresholds; and
- b. Provide direction to staff regarding developing draft regulations for short-term rental (STR) for overnight accommodations in residential areas.

(Countywide, coastal and non-coastal)

**Proposed CEQA Action:** To be determined based on regulations developed.

### RECOMMENDATION

It is recommended that the Planning Commission:

- a. Conduct a public workshop
- b. Receive information on STR characteristics and thresholds; and
- c. Provide direction to staff regarding developing draft regulations for short-term rental (STR) for overnight accommodations in residential areas.

### SUMMARY

On July 13, 2016 the County held a public workshop to discuss regulating STRs in Monterey County. During the July 13th workshop staff solicited direction from the Planning Commission regarding the primary issue of *if/where STR should be allowed*. At the July workshop staff was directed to proceed with developing an ordinance, using the existing Inland ordinance (Title 21 - Section 21.64.280: Transient Use of Residential Property for Remuneration) as a starting point. Direction was also given to develop clear definition of STRs and update county codes to reflect these definitions.

Many issues were raised regarding STRs during the July workshop that will need to be addressed as we develop regulations to permit STRs. To advance the development of the draft ordinances, staff finds that we must identify what STR characteristics result in a use crossing-over from a residential use to one that is no longer residential. Staff seeks to identify the thresholds for use that cross the line from being residential, and determine how to address these thresholds in the regulations.

Staff requests Planning Commission policy direction on this issue.

Direction from this workshop will establish the framework for staff to develop draft STR ordinances for the Planning Commission to consider. Once draft ordinances are developed, staff will prepare an initial study to evaluate the environmental effects of the proposed regulations and move forward through the public hearing process accordingly.

STR and events are separate issues. Ordinances for events will be developed after staff has completed draft ordinances for STR.

### DISCUSSION

See **Exhibit A** for a detailed discussion.

**OTHER AGENCY INVOLVEMENT**

The following agencies and departments have been involved in the preparation of this report include: Resource Management Agency; County Counsel; Environmental Health Bureau; Monterey Regional Fire.

Prepared by: Melanie Beretti, Special Programs Manager (831)755-5285  
Craig Spencer, Associate Planner

Approved by: Carl P. Holm, AICP, Resource Management Agency (RMA) Director
