SUMMARY/DISCUSSION:

Street sweeping is a service traditionally performed by the County of Monterey, Resource Management Agency (RMA) - Public Works staff and is State-mandated as part of the County's National Pollution Discharge Elimination System (NPDES) Storm Water Permit. This permit requires the County to sweep roads within designated urbanized areas twice annually, once in the Spring and once in the Fall, and is intended to reduce pollution entering storm drain systems.

To find a more efficient method for providing this mandated service, the County of Monterey, Resource Management Agency (RMA) - Public Works issued Request for Proposals (RFP) #59000 in the Summer of 2015 for State-mandated NPDES Storm Water Permit operated street sweeping services. Accent Clean and Sweep, Inc. (Accent) was selected through a competitive selection process in accordance with County policies to provide these services and was awarded Standard Agreement (SA) No. A-13054 which was executed by the Contracts/Purchasing Officer on September 8, 2015 for a total amount not to exceed \$100,000, for a term from September 1, 2015 to September 1, 2018, with the option to extend the term for two (2) additional one (1) year terms.

Amendment No. 2 to SA No. 13054 will continue to provide associated street sweeping services meeting the State-mandated NPDES Storm Water Permit, RFP #59000, increase the not to exceed amount of \$414,088 by

\$160,000 for a total amount not to exceed \$574,088; and extend the expiration date from September 1, 2018 for one (1) additional year for a revised term from September 1, 2015 to September 1, 2019, with the option to extend the Agreement for one (1) additional one (1) year term. To reduce costs, non-mandated street sweeping services for the communities of Castroville and Spreckels were removed under the base contract. However, additional service can be performed under this contract when/if additional funding is identified (e.g. ratification of SB1 on November ballot).

Amendment No. 2 adjusts the contract insurance requirements to reflect the County standards. Accent's Business Automobile Liability Insurance requirements for the contract is increased from \$50,000 of coverage per occurrence to 1,000,000 of coverage per occurrence. Additionally, Accent will provide Automotive Pollution Coverage of \$1,000,000 per occurrence to cover testing, monitoring, cleanup and other costs related to pollutant discharges from the sweepers.

Attachment D provides a summary of the SA to date. Attachment E provides a summary of the SA annual expenditures and balance.
