SUMMARY:

Natividad completed a reclassification study and recommends the creation of an Endoscopy Technician classification to be utilized in the Endoscopy Department within the hospital's Surgical Services Division.

DISCUSSION:

Natividad Human Resources Department completed a reclassification study for the Endoscopy Department within the hospital's Surgical Services Division. The findings of the study determined that incumbents were not properly classified for the duties and scope of responsibility that were being performed and no classification existed that was a match. The creation and reclassification of both incumbents to an Endoscopy Technician classification will properly align and compensate the duties performed by these positions within the department.

For these reasons, it is recommended that your Board approve these actions.

OTHER AGENCY INVOLVEMENT:

The Monterey County Human Resources Department has reviewed the class study and recommendation. The Service Employees International Union (SEIU) Local 521 was notified and concurs with this recommendation.

FINANCING:

There is an annualized salary savings of \$10,694 as a result of these actions for Natividad Medical Center (Unit 9600) FY 2018-19 Adopted Budget. This action does not impact the General Fund.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

Approval of these recommendations will allow Natividad Medical Center to compensate employees for performing duties that ensure patient care meets quality standards, which equates to improved healthcare for patients and the community.
