### **SUMMARY/DISCUSSION:**

The Monterey Bay Economic Partnership (MBEP) was founded in 2014 and is a regional nonprofit, membership organization consisting of public, private and civic entities located throughout the counties of Monterey, San Benito and Santa Cruz. MBEP's mission is to create a thriving region with good jobs, excellent education, and high quality of life for all residents, while reserving the natural beauty and healthy lifestyle we all share.

MBEP's current initiatives are: 1) transportation, 2) housing, 3) workforce development and, 4) technology. Key areas include affordable housing, reducing traffic congestion, connecting youth to internships and jobs and ensuring all residents have access to high-speed broadband. In addition, MBEP holds two region-wide events each year: The Regional Economic Summit in the spring and the State of the Region in the fall. These events bring regional leaders together, and stimulate cross-sector engagement and mobilization. Attached are Highlights of MBEP's Accomplishments.

In 2016-17, the County paid MBEP annual membership dues, in the amount of \$10,000. The membership dues are what fuels MBEP's work, which is the primary source of funding to hire staff and deploy resources to make improvements in each of the focused areas that contribute to positive changes in the economic health and quality of life in the region.

It is recommended the Budget Committee support approving the County's annual MBEP membership, in the amount of \$10,000. The County membership will contribute to promoting MBEP's mission which is in alignment with the Board of Supervisors Strategic Initiatives.

### **OTHER AGENCY INVOLVEMENT:**
