MEMORANDUM

To: Elsa Jimenez, Roderick Franks, Craig Spencer, and Roxanne Wilson
From: Supervisor Wendy Root Askew
Date: Tuesday, March 4
Subject: 4H Committee Department Overview Presentations

For the Housing, Homelessness and Human Services Committee (4H)'s first meeting on March 27, 2025, Supervisor Askew is requesting department overview presentations from each of the departments whose work falls under the 4H Committee. The presentations should cover the following key areas:

- **Organizational Chart:** A current organizational chart outlining the structure and reporting lines within your department.
- **Funding Streams:** Brief descriptions of all federal funding sources for your department
- **Oversight Bodies:** A list of all entities that provide oversight for your department's activities (i.e. advisory boards).
- **Major Projects:** A brief overview of current and planned major projects within the next 5 years, including their goals, timelines, and anticipated outcomes.
- **Contracted CBOs:** A list of all Community Based Organizations (CBOs) your department contracts with, specifying the funding source for each contract and the purpose of the contract.

In addition to the above, Supervisor Askew is also requesting information on the following two specific areas:

- **CalAIM Implementation in the County Jail:** Please include a section in your presentation detailing your department's implementation of CalAIM within the County Jail. We understand that this may involve legal considerations and anticipate potential input from County Counsel.
- **CARE Courts Rollout:** Please provide an update on any involvement or planned involvement with the CARE Court program.

Supervisor Askew appreciates your cooperation in this important effort to establish a baseline overview of the Health, Housing, Homelessness and Human Services Committee's work. Please do not hesitate to contact Eric Mora (morae2@countyofmonterey.gov) if you have any questions.
