- e. Provide direction as needed.

SUMMARY/DISCUSSION:

On December 3, 2024, the Monterey County Board of Supervisors approved a new Unified Franchise Agreement (UFA) with Waste Management, DBA Carmel Marina Corporation, for waste hauling services in the unincorporated areas of the County. A key component of the new agreement was to remove bad debt attributed to delinquent accounts from being included in the rate structure and

to instead utilize a special assessment against the property to collect those unpaid amounts.

Notices of delinquent accounts requesting payment were mailed by Waste Management to account holders, as well as property owners of record, in January, February, March and April of 2025. The notices included the amount past due, payment options, the contact information for Waste Management, and a payment deadline of June 1, 2025. In compliance with the ten-day noticing requirement under Government Code section 25831, a Notice of Public Hearing was sent to all parcel owners on June 9, 2025.

On July 1, 2025, the County conducted the public hearing to receive comments, objections, and testimony. Following that hearing, the Board requested that the item return for this July 8 meeting, for staff to extend the July 10 deadline for delinquent accounts to submit appeals and contest invoices (it has been extended to July 25), to provide clarification on the dispute resolution/appeal process, and to provide additional information regarding the assessment process.

As will be explained in greater detail at the meeting, staff have extended the deadline for appeals to July 25, will share the details of the dispute resolution process, and will provide further information as requested by the Board.

OTHER AGENCY INVOLVEMENT:

Waste Management, the Office of County Counsel, the Office of the Auditor-Controller, and the Assessor have been involved.

FINANCING:

Any incidental costs are funded through the Environmental Health Bureau's FY2024-25 Adopted Budget. There is no General Fund Contribution resulting from this Board action. Waste Management will continue to remit franchise fees, calculated at ten percent (10%) of collected revenue, to the General Fund as outlined in the UFA section 11.16.1 Franchise Fee.
