SUMMARY/DISCUSSION:

California Assembly Bill 102 (AB 102) allocated \$20,000,000 to the County of Monterey to support flood relief for the community of Pajaro through the California Governor's Office of Emergency Services (CalOES) Grant Subaward. Staff has been working with CalOES and local community groups that directly support Pajaro established projects for the 2023 Winter Storms Flood Relief

Program. The Grant Subaward performance period is July 1, 2023 - December 31, 2025. The WS Program is supported through the State General Fund and the funds were advanced in their entirety. The County is committed to ensuring the funds are utilized according to the intent of the State funding, which emphasizes the need to prevent duplication and/or replacement assistance.

In December of 2023, the Board of Supervisors approved an allocation of \$10,000,000 to support individual and business recovery, to be administered by the Monterey County Department of Emergency Management and the Monterey County Workforce Development Board. On February 27, 2024, the Board of Supervisors approved an increase of appropriations and revenues of \$6,000,000. \$3,000,000 for the Department of Emergency Management and \$3,000,000 for the Workforce Development Board's FY 2023-24 Adopted Budgets to support the Pajaro Unmet Needs Disaster Assistance Program. The increase was financed by an operating transfer from AB 102 2023 Winter Storms Flood Relief (WS) Program WS23 01 0270 Grant (BSA 2720 Sub BSA WSFR). In order for Department of Emergency Management (DEM) and Workforce Development Board (WFD) to continue with the projects in FY 2024-25 both departments are requesting an increase of appropriations and revenues for the unspent FY 2023-24 approved funds; DEM spent \$2,054,525 of the allocated \$3,000,000 and request an increase of the remaining \$945,475 to be allocated to their FY 2024-25 budget. WFD spent \$105,806 of the allocated \$3,000,000 and request an increase of the remaining \$2,894,194 to be allocated to their FY 2024-25 budget.
