Education:

CSU Stanislaus - B.S. Biology with Minor in Chemistry and Concentration in Marine Science
Moss Landing Marine Labs - M.S. in Marine Science

Work experience:

I started my career working in environmental labs for superfund clean-up sites in Louisiana and Mississippi after my undergraduate degree.
I returned to California to complete my master's degree in marine science and then worked for several years in the Trace Metals Lab at MLML.
I finished my career (17 years) at Monterey County Water Resources Agency in the Hydrology and Environmental department.
I retired in early 2024.

Volunteer experience and qualifications

Volunteer experience(s):

I have volunteered for the last several years as a poll worker for the Monterey County Elections department, and I am looking to continue a role in community volunteer work now that I am retired.

Interest & qualifications: Please describe your qualifications and why you are interested in serving on the Board of Directors.

I think my experience for the last 17 years of my career with the Monterey County Water Resources Agency, which is also a special district within Monterey County, provides me with an introduction to the unique nature of the CVRPD and its mission.

Additionally, I have lived on and off in Carmel Valley Village since the late 1990s when I moved here from New Orleans to complete my graduate work. My wife and I have purchased our home in the Village in 2018 and intend to make this area our home for the foreseeable future and I wish to begin a more active role in my community.
