SUMMARY/DISCUSSION:

The Monterey County Water Resources Agency (Agency) has needed to perform a series of construction activities for the Emergency Repair of the Pajaro River Levee system and adjacent facilities due to damage from the 2023 Winter Storms. Graniterock Company, Inc. was hired to facilitate completing tasks on an as-needed basis. They were also hired by County of Monterey Public Works, facilities, and Parks to make repairs to the Pajaro County Sanitation District sewer force main.

On June 28, 2023, the Agency entered into an Agreement for Services (Agreement) with Graniterock Construction to provide equipment, material and labor for locating utilities and performing other work as deemed necessary along the Pajaro River Levee.

On September 25, 2023, the Agency processed an Amendment No. 1 to increase the contract amount by \$45,000 for a total contract amount of \$95,000 to continue providing services.

The proposed Amendment No. 2 will increase the contract amount by \$20,000 for a total contract amount not to exceed \$115,000 to continue providing services.

The Agency Finance Committee approved recommendation of this action on May 3, 2024.
