Sustainable Housing Portfolios

Each Eligible Applicant must also confirm whether they have a current and formal policy to address encampments that complies with the California Interagency Council on Homelessness (Cal ICH) Guidance on Addressing Encampments.

Components of this activity include:

- If the policy **fully complies** with the Cal ICH Guidance on Addressing Encampments, the Eligible Applicant must link to or upload the policy.
- If the policy **partially complies** with the Cal ICH Guidance on Addressing Encampments, the Eligible Applicant must describe what elements of the policy comply, and how. They also must link to or upload the policy.
- If any Eligible Applicant **does not have** a current and formal policy to address encampments, they must describe their existing efforts to address encampments, actively commit to following the Cal ICH Guidance on Addressing Encampments and identify a specific timeline by which they will adopt such a policy.

Each Eligible Applicant in the region must identify all encampments within the region, with specific plans to address these encampments.

If the scale of encampments in your region makes filling out the table provided difficult, Eligible Applicants may alternatively upload a map showing where encampments are concentrated, and report the information required for each encampment zone or if it is less burdensome, upload a spreadsheet containing the required information for each encampment zone.

Required Information for EACH Identified Encampment

- An address or general location.
- Estimated population
- A specific plan to address the encampment/encampment zone (e.g., description of how many individuals are projected to be served by what type of housing solutions, how will regional partners collaborate).
- Key milestone dates to carry out the described plans (e.g., goal date for outreach, goal date for all encampment residents to transition into housing solutions).
- The encampment/encampment zone's ERF grant status (active ERF project(s), applied for site(s), plans to apply for site(s)).
- If applicable, the ERF contract number(s).
- Lead entity for addressing the encampment/encampment zone.
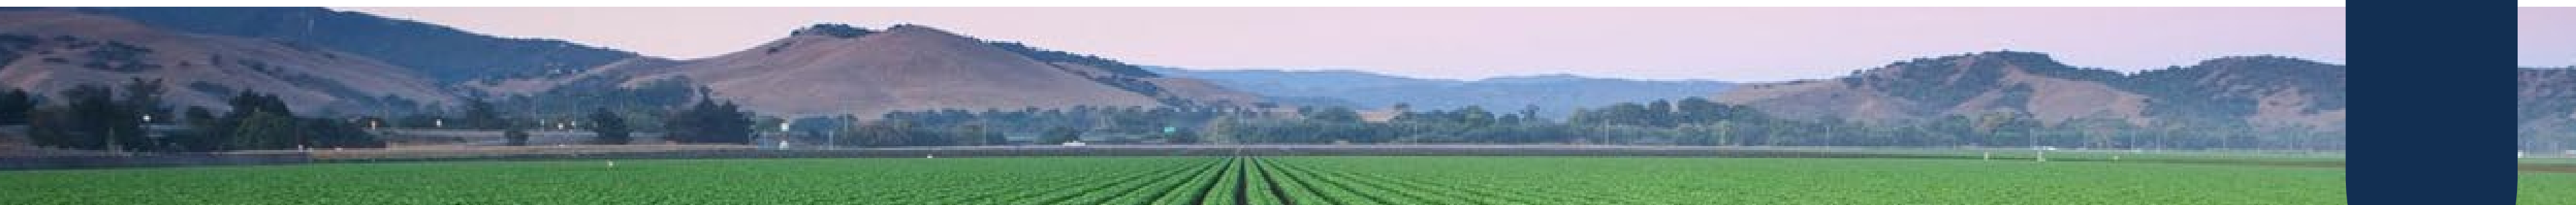

Roles and Responsibilities for City and County regional partners

Housing supply and affordability are critical in preventing and reducing homelessness. City and county regional partners must provide status updates and concrete timelines with regard to:

- Housing Element Compliance
- Housing Element Implementation
- Prohousing Designation
- Housing Law Violations
- Surplus Land (as required by Government Code section 54230)
- Annual Progress Report compliance

Regions must now have a plan to sustain **all Interim Housing** through the grant term.

If New Interim or Non-Housing uses are proposed, they must also have a plan to sustain all existing and planned **Permanent Housing** within the region through the grant term.

If a gap exists, regions must show how they will dedicate funds to sustain those investments, including bringing local and regional funding and MHSA/BHSA funds (Prop. 1) to the table.

Interim Housing Portfolio

- Total existing Interim Housing shelters and beds (beds) in the region
- Total beds in the region proposed to be added during the grant term, if applicable
- Total estimated capital and operating costs for existing and proposed beds during the grant term
- Funding sources with amounts that will sustain the estimated capital and operating costs identified above

Permanent Housing Portfolio (3 categories)

- Existing Permanent Housing
- At-Risk of expiring affordability
- Proposed Developments
- Total permanent affordable housing developments and units in the region
- Total estimated capital and operating costs
- Total estimated gap in funding (for proposed developments only)
- Identify funding sources with amounts that will sustain the estimated capital and operating costs
