(Note: any proposed modifications to these workers’ compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than \$1,000,000 per claim and \$2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a “claims-made” basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage (“tail coverage”) with the same liability limits. Any such tail

coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

9.04 Other Requirements:

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the County of Monterey, its officers, agents, and employees as Additional Insureds with respect to liability arising out of the CONTRACTOR'S work, including ongoing and completed operations, **and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the County and that the insurance of the Additional Insureds shall not be called upon to contribute to a loss covered by the CONTRACTOR'S insurance.** The required endorsement form for Commercial General Liability Additional Insured is ISO Form CG 20 10 11-85 or CG 20 10 10 01 in tandem with CG 20 37 10 01 (2000). The required endorsement form for Automobile Additional Insured endorsement is ISO Form CA 20 48 02 99.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of

this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

- 10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. - 10.5 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

CONTRACTOR shall ensure that the evaluation and

treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

No offer or obligation of permanent employment with the County or County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. In connection therewith, CONTRACTOR shall defend, indemnify, and hold County harmless from any and all liability which County may incur because of CONTRACTOR's failure to pay such taxes.

EXHIBIT-A

To Agreement by and between
District Attorney of Monterey COUNTY, hereinafter referred to as "COUNTY"
AND
Sicuro Data Analytics, hereinafter referred to as "CONTRACTOR"

Scope of Services / Payment Provisions

A. SCOPE OF SERVICES

- A.1** CONTRACTOR shall provide services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below:
- a. CONTRACTOR will provide a statistical analysis of criminal charging and outcomes, as outlined in the Racial Justice Act, for the COUNTY.
 - b. COUNTY understands that compensation for this capability will be a monthly charge based on the number of hours worked, as detailed herein.
 - c. COUNTY understands that CONTRACTOR will not require automobile insurance and no travel is required in support of the agreement. That section of the agreement has been lined out as not necessary.

A.2 SUPPORT PROVIDED

The Contractor will perform a statistical analysis of criminal charging and outcomes, as outlined in the Racial Justice Act, for the County in three (3) phases. The work associated with each phase is detailed below.

Phase 1 – Expected Completion: 3-6 months

Phase 1 of the Racial Justice Act analysis will involve the ingestion of data from the Client. The list of data elements and fields required to perform the analysis will be developed by the Contractor through meetings with the Client. Upon receiving the data housed in the Client's case management system, the Contractor will engage in several steps to ensure full comprehension of the data:

- 1) Convert database files (e.g., mdf, bak, etc.) into flat files (csv)
- 2) Reconstruct case management system with flat files
- 3) Reshape data at the case-defendant level
- 4) Conduct a data audit to identify data gaps

Upon completion of these steps, the Contractor will prepare a data audit report that will outline any key missing components in the existing data files that have been provided. The Contractor

will then work with the Client to identify additional, internal databases that could contain the missing data features as well as external locations where missing data are maintained (e.g., court databases). Finally, the Contractor will develop a plan for backfilling missing content and outline the steps taken to construct an analytically usable database and what will be needed to backfill missing content to develop a comprehensive data set in Phase 2.

Upon completion of a signed contract, the Contractor will prepare a visit to the Client's office to meet with various members of the district attorney's office, including the database management team, clerical staff, chief ADAs, and any other pertinent staff.

After the transfer of data occurs, the Contractor will convert database files into flat files and reconstruct the case management system. The Contractor will identify errors and issues that arise in the process of merging and appending flat files to reconstruct the case management system. This process typically involves several virtual meetings with members of the database management team.

After reconstruction of the case management system, the Contractor will reshape the data at the case-defendant level. Again, this process typically involves several virtual meetings with members of the database management team.

A data audit and written report will then be completed and presented to the County.

Phase 2 – Expected Completion: 4-6 months

Based on the findings of the data audit, the Contractor will devise a plan for backfilling content that is either incorrectly included or altogether omitted in the case management system. This typically involves working with the County to provide access to court records where content can be accessed, crawled, extracted, and then backfilled into the case management system that the Contractor has reconstructed.

Based on the format of the data accessed from the courts, the Contractor will construct a set of code to access and harvest the court content. Once the content has been saved locally, the Contractor will construct another set of code to extract pertinent information from the court records. These data will then be merged with the reconstructed case management system.

A report of the content that has been updated because of the court crawling and content extraction effort will then be made. Additionally, the Contractor will provide the County with the updated content, which can be ingested and incorporated into the County's production case management system, should the County be interested in updating their records.

Phase 3 – Expected Completion: 6-10 months

Once the reconstructed case management system has been determined to be complete and restructured at the case-defendant level, the Contractor will begin the process of conducting the empirical analysis of the Racial Justice Act.

The first step in conducting the empirical analysis will involve conducting an average outcomes analysis. This analysis will identify different raced, but otherwise identical, defendants to determine whether disparities exist in charging practices (e.g., press any charge, charge a felony) and case outcomes (e.g., guilty outcome, sentence length). To conduct this analysis, the Contractor will identify as many observable features of a case as possible (e.g., requested charges from law enforcement agency, type of crime, division within the district attorney's office where the charges have been filed, census tract where the incident occurred, etc.), and control for criminal behavior and charging practices that have historically been associated with these geographic regions, types of crimes, law enforcement agency, etc. Upon completion of this analysis, a visual construction of any disparities will be produced for ease of readability. However, a full technical appendix and corresponding regression tables will also be produced, which are the support for any graphics that are produced.

At the completion of each of the three components of the empirical analysis, the Contractor will present the results to the County to obtain feedback and then implement this feedback into the analysis to ensure that the report accurately reflects practices within the office and ensures fairness in the representation of the findings. Once a final set of results have been agreed upon between the Contractor and the County, a report of the findings will be produced. The report will contain two sections. The first will be intended for a general audience, using language that is understandable by non-technical readers. The second section will contain all of the technical assumptions and details utilized in supporting the figures and tables that are presented in both the first and second sections of the report.

B. PAYMENT PROVISIONS

B.1 COMPENSATION/ PAYMENT

The Consultant will provide monthly invoices that detail the number of hours worked, detail the nature of the work, the hourly rate (\$300), and the total amount invoiced for that month. The monthly invoice will include a unique invoice number, contact information for the Consultant, as well as the payee's name. The invoice will also clearly note that payment is requested within 30 days of receiving the invoice.

- a. Upon receipt of a complete and proper invoice, COUNTY shall pay a MONTHLY amount for the performance of all things necessary for the performance of work as set forth in the Scope of Services, the monthly amounts is detailed below. CONTRACTOR will provide an invoice detailing the charges based on the rates as detailed herein. CONTRACTOR'S compensation for services rendered shall be based on the following rates or in accordance with the hourly rate of \$300.00 per hour.

- b. Total compensation for the duration of this contract will not exceed \$150,000, for approximately 500 hours of work, which is for the duration of this contract and is not an annual amount.

B.2 CONTRACTORS BILLING PROCEDURES

NOTE: Payment may be based upon satisfactory acceptance of each deliverable, payment after completion of each major part of the Agreement, payment at conclusion of the Agreement, etc.

COUNTY may, in its sole discretion, terminate the contract or withhold payments claimed by CONTRACTOR for services rendered if CONTRACTOR fails to satisfactorily comply with any term or condition of this Agreement.

No payments in advance or in anticipation of services or supplies to be provided under this Agreement shall be made by COUNTY.

COUNTY shall not pay any claims for payment for services submitted more than twelve (12) months after the calendar month in which the services were completed.

DISALLOWED COSTS: CONTRACTOR is responsible for any audit exceptions or disallowed costs incurred by its own organization or that of its subCONTRACTORS.

Exhibit B INFORMATION TECHNOLOGY SECURITY

1. Notification of Data Security Incident

For purposes of this exhibit, "Data Security Incident" is defined as unauthorized access to the Contractor's business and/or business systems by a third party, which access could potentially expose County data or systems to unauthorized access, disclosure, or misuse. In the event of a Data Security Incident, Contractor must notify County in writing within 48 hours. Notice should be made to all parties referenced in the "Notices" section of the Agreement. Notice must reference this contract number. Notice under this section must include the date of incident and Contractor's systems and/or locations which were affected. The duty to notify under this section is broad, requiring disclosure whether or not any impact to County data is known at the time, to enable County to take immediate protective actions of its data and cloud environments.

Failure to notify under this section is a material breach, and County may immediately terminate the Agreement for failure to comply.

2. Data Location

2.1 Contractor shall not store or transfer non-public County of Monterey data outside the United States. This prohibition includes backup data and Disaster Recovery locations. The Contractor will permit its personnel and contractors to access County of Monterey data remotely only as required to provide technical support. Remote access to data from outside the continental United States is prohibited unless expressly approved in advance and in writing by the County.

2.2 The Contractor must notify the County **in writing within 48 hours** of any location changes to Contractor's data center(s) that will process or store County data. Notice should be made to the County contact indicated in the "Notices" section of this Agreement and must reference this contract number.

3. Data Encryption

3.1 The Contractor shall encrypt all non-public County **data in transit** regardless of the transit mechanism.

3.2 The Contractor shall encrypt all non-public County **data at rest**.

3.3 The Contractor's encryption shall be consistent with validated cryptography standards as specified in National Institute of Standards and Technology Security Requirements.

4. Subcontractor Disclosure

To the extent subcontracting or assignment is permitted under this Agreement, the Contractor is responsible for the actions of their subcontractors, vendors, and suppliers. Contractor shall take necessary steps to ensure that the provisions of this contract are enforceable on all subcontractors, vendors, and suppliers acting on behalf of or through Contractor.

5. Business Continuity

Contractor shall provide and maintain a business continuity and disaster recovery plan that achieves the County's Recovery Time Objective (RTO) and Recovery Point Objective (RPO), as set forth in the Scope of Work and/or Service Level Agreement, and specifically incorporated herein. Upon receiving initial data from the County, Contractor shall have sufficient backups to

maintain a RPO of 24 hours. At any given time, the County shall not be required to provide Contractor with more than 24 hours' worth of data. Additionally, in the event of a disaster, Contractor shall reproduce full data services to not exceed RTO of 48 hours.

SOLE SOURCE/SOLE BRAND JUSTIFICATION

OVERVIEW:

On rare occasions there may be a need to purchase goods or services from one vendor/contractor without going to formal bid or requesting competitive quotations. This is known as “Sole Source” purchasing. This document does not replace an Agreement.

“Sole Source” purchasing is authorized by Monterey County Code 2.32.040, Emergency Purchases, and by Monterey County Code 2.32.070, Competitive Bidding Not Required.

“Sole Source” purchasing may be necessary under certain circumstances such as an emergency wherein the department head or other County Official who is authorized to sign requisitions may purchase items for the continuance of the department function, or that items purchased are necessary for the preservation of life or property, and that no authorized purchasing department personnel are immediately available to make the purchase.

A sole source may be designated when it is apparent that a needed product or service is uniquely available from the source, or for all practical purposes, it is justifiably in the best interest of the County. The designation of a “Sole Source” supplier must be authorized by the County Purchasing Agent or Deputy-Purchasing Agent before the requirement for competitive quotations is waived.

In an effort to expedite sole source/brand requisition requests through Contracts/Purchasing, we would encourage you to review the criteria for Sole Source/Brand form herein. If you feel your request meets such criteria, follow the instructions in filling out the form, along with a Department Head signature approving the request on behalf of their department. If sole source/brand justification is warranted and accepted by Purchasing, the request shall be signed by the Contracts/Purchasing Officer (CPO).

This is an internal review process. Departments are requested to use discretion in their discussion with vendors so as not to compromise any competitive advantage the Buyer may utilize, regardless of the acceptance or rejection of the sole source/brand justification.

Contracts/Purchasing will advise you when a particular competitive review process may both serve the County better and/or be required by governing law.

The **JUSTIFICATION OF SOLE SOURCE/SOLE BRAND REQUEST** is **NOT** an agreement.

PROCEDURE:

Sole source/brand purchasing is an exception to the normal procurement function and requires a detailed justification. In processing sole source/brand requests for supplies, services and/or equipment, Contracts/Purchasing adheres to and is governed by the principles set forth in both the Federal and State Laws governing public purchasing and the Public Contract Code, and by the adopted and approved County of Monterey Policies and Procedures.

If you are requesting a particular vendor, brand, or product, you must make this fact clear on your request. Such a request should not be made unless the request is reasonable and appropriately justified to meet legal requirements and can withstand a possible audit. The County requirements and the format for submitting such requests are contained herein.

The **JUSTIFICATION OF SOLE SOURCE/SOLE BRAND REQUEST** is **NOT** an agreement.

The following factors **DO NOT** apply to sole source/brand requests and should not be included in your sole source/brand justification. They will not be considered and only tend to confuse the evaluation process.

1. Personal preference for product or vendor
2. Cost, vendor performance, and local service (this may be considered an award factor in competitive bidding)
3. Features which exceed the minimum department requirements
4. Explanation for the actual need and basic use for the equipment, unless the information relates to a request for unique factors
5. A request for no substitution submitted without justification. This is a sole source/brand request requiring detailed justification including established sole source/brand criteria

Please make copies of the Criteria for Sole Source/Brand form for your future use.
