LUAC AREAS OF CONCERN

Concerns / Issues (e.g. site layout, neighborhood compatibility; visual impact, etc.)	Policy/Ordinance Reference (If known)	Suggested Changes - to address concerns (e.g. relocate; reduce height; move road access, etc.)
Colors proposed-attic white and black roof. Should be earth tones	Toro Area Plan	Change colors to earth tones
Concern with health of oak trees to be planted in a 1:1 replacement ratio		Weaver advises plant one gallon size trees and more than 1:1 so that at least 10 survive.
Use permit for slope in excess of 25%- Bean asked what is the reason for the regulation since it is regularly over ruled.	2010 General Plan	Jensen said the legal lot of record is prior to the 2010 General Plan and it says that the use permit is allowed if there is no feasible alternative.

ADDITIONAL LUAC COMMENTS

Weaver asked about maintaining the quality of darkness and was assured that downlighting is required. This project will go to the Planning Commission.

PUBLIC COMMENT: Fionna Jensen requested that the LUAC not deliberate on this project. It was sent in error to the LUAC due to confusion about review. Prior to adoption of the new Short Term Rental (STR) Ordinance, the Board of Supervisors required all STR applications to go to the LUAC. Since the Ordinance adoption this is no longer required. This applicant is operating without a permit and needs to apply for a permit under the new ordinance. All applications do receive individual hearing and annual permit renewal is required. Ms. Jensen took Mr. Hoopers contact information and Mr. Hooper was urged to participate when notified of the permit hearing for this STR.

Name	Site Neighbor?		Issues / Concerns (suggested changes)
	YES	NO	
Steven Hooper	X		He is concerned that STR is inconsistent with the quiet, residential character of the neighborhood and that there is no getting rid of it once it is in place.

Concerns / Issues (e.g. site layout, neighborhood compatibility; visual impact, etc.)	Policy/Ordinance Reference (If known)	Suggested Changes - to address concerns (e.g. relocate; reduce height move road access, etc.)
Schwartz said that STRs make the existing housing crisis worse.
