417-021-002-000

In the matter of the application of

John Edward and Jane Devine Doud TRS (PLN050722)

FINDINGS AND DECISION

for a **Coastal Development Permit** in accordance with Title 20.1 (Monterey County Coastal Implementation Plan Ordinances) Chapter 20.140 (Coastal Development Permits) of the Monterey County Code, for a Lot Line Adjustment between four lots of 555 acres (Parcel A, assessor's parcel number 243-211-023-000), 530 acres (Lot 10, assessor's parcel number 243-211-022-000), 144 acres (Lot 2, assessor's parcel number 417-011-016-000) and 146 acres (Lot 3, assessor's parcel number 417-021-002-000) to result in four parcels with 116 acres (Parcel JD1), 72 acres (Parcel JD2), 931 acres (Parcel JD3), 256 acres (Parcel JD4). The property is located at Highway 1 between Soberanes Point and Kasler Point approximately two miles north of Palo Colorado Road, Big Sur Area, Coastal Zone, and came on regularly for hearing before the Minor Subdivision Committee on February 22, 2007.

Said Minor Subdivision Committee, having considered the application and the evidence presented relating thereto,

FINDINGS OF FACT

1. **FINDING – CONSISTENT WITH PLAN/POLICIES:** The project proposed in this application consists of a Coastal Development Permit for a Lot Line Adjustment (PLN050722/Doud). The proposed project conforms to the plans, policies, requirements and standards of the Big Sur Coastal Area Plan.

EVIDENCE:

- (a) The property is located east of Highway 1 between Soberanes Point and Kasler Point approximately two miles north of Palo Colorado Road, which is the Big Sur Coastal area of the Coastal Zone.
- (b) The Planning and Building Inspection staff reviewed the project, as contained in the application and accompanying materials, for conformity with:
 - 1. Big Sur Coastal Land Use Area Plan.
 - 2. Monterey County Coastal Implementation Plan - Part 3 (Chapter 20.145 MCC).
 - 3. Monterey County Coastal Implementation Plan – Part 1 (Zoning Ordinance - Title 20.
- (c) Project Description. The project area is designated for Watershed and Scenic Conservation (40 acres/unit) under the Big Sur, Local Coastal Program, Land Use Plan. Proposed parcels total 1,375 acres and consist of 555 acres (Parcel A), 530 acres (Lot 10), 144 acres (Lot 2) and 146 acres (Lot 3). Proposed amendments include relocate potentially development sites from a long distance into the hills to newly created parcels near Highway One. The site is located on the inland side of Highway One.

- (d) Easements. Detailed plans including soils and other types of reports will be required with any proposed future development of these sites. Big Sur Land Use Plan regulations require the properties to identify and establish scenic and conservation easements over areas that include critical viewshed, slopes greater than 30% and environmentally sensitive habitat. **Conditions 3 and 4** have been included that require the applicable owner to address this separately for each lot when development is proposed.
- (e) Necessary public facilities are available to the project site.
- (f) LUAC. On May 23, 2006, the Big Sur Land Use Advisory Committee conducted a site visit of the project and voted 6-0 to recommend approval of the project as proposed. Comments include noting the difficulty of developing the proposed new sites as a trade for significant grading of access roads on steep slopes.
- (g) As conditioned, the subject property is in compliance with all rules and regulations pertaining to the use of the property and no violations exist on the property.
- (h) No testimony, either written or oral, was received during the course of the public hearing process to indicate that there is any inconsistency with these plans or policies.
- (i) Materials in project file PLN050722/Doud.

2. **FINDING - CONFORMS TO REGULATIONS:** The parcels resulting from the lot line adjustment conform to County's zoning and building ordinances. The proposed lot line adjustment is consistent with the Monterey County Subdivision Ordinance (Title 19) and the Monterey County Zoning Ordinance (Title 20).

EVIDENCE:

- (a) The RMA - Planning Department staff reviewed the project, as contained in the application and accompanying materials, for conformity with:
 - 1. Monterey County Coastal Subdivision Ordinance (Title 19).
 - 2. Chapter 20.17 of the Monterey County Zoning Ordinance regulations for development in the Watershed and Scenic Conservation zone.
 - 3. Chapter 20.70 of the Monterey County Zoning Ordinance regulations for Coastal Development Permits.
- (b) All of the Parcels are zoned "WSC/40(CZ)" Watershed and Scenic Conservation (minimum 40 acres), Coastal Zone. All development in this area is subject to design approval. No development is proposed at this time.
- (c) The project is in conformance with the public access and public recreation policies of the Coastal Act and Local Coastal Program (See Finding 5).
- (d) There is no actual change in the use or proposed development at this time. Future developers will be required to process plans prior to development of these sites.
- (e) That the lot line adjustment is between four existing adjacent legal lots of record. Parcel A was part of a 2-lot Lot Line Adjustment approved by Monterey County in 2003 (PLN030027) and recorded on October 28, 2003 (Volume 27 of surveys at page 16) Certificates of Compliance were recorded for Parcel 2 (APN: 417-011-016-000, Document #9803638, CC970005), Parcel 3 (APN: 417-021-002-000, Document #9803639, CC970006), and Parcel 10 (APN: 243-211-022-000, Document #9803646, CC970012) on January 22, 1998. Copies of said documents are located in the project file.
- (f) The proposed project has been reviewed by the Monterey County RMA - Planning Department, Water Resources Agency, Public Works Department, Environmental Health Division, and the California Department of Forestry and Fire Prevention. There

has been no indication from these agencies that the site is not suitable for the proposed development.

- (g) Staff verified that the subject property is in compliance with all rules and regulations pertaining to the use of the property that no violations exist on the property. A condition is included to assure that all zoning abatement costs, if any, have been paid.
- (h) Application materials contained in File PLN050722/Doud.

3. **FINDING – NO NEW PARCELS:** The proposed lot line adjustment will not create a greater number of parcels than originally existed.

EVIDENCE:

- (a) Four contiguous separate legal parcels of record will be adjusted and four contiguous separate legal parcels of record will result from the adjustment. No new parcels will be created.
- (b) The project area has a total of approximately 1,375 acres. There are currently four lots of 555 acres (Parcel A, assessor's parcel number 243-211-023-000), 530 acres (Lot 10, assessor's parcel number 243-211-022-000), 144 acres (Lot 2, assessor's parcel number 417-011-016-000) and 146 acres (Lot 3, assessor's parcel number 417-021-002-000). The project would result in four parcels with 116 acres (Parcel JD1), 72 acres (Parcel JD2), 931 acres (Parcel JD3), 256 acres (Parcel JD4).
- (c) Application materials contained in File PLN050722/Doud.

4. **FINDING – HEALTH AND SAFETY:** The establishment, maintenance, or operation of the subdivision and building applied for will not, under the circumstances of the particular case, be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvement in the neighborhood, or to the general welfare of the County.

EVIDENCE:

- (a) The project as described in the application and accompanying materials was reviewed by the RMA – Planning Department, Environmental Health Division, Public Works Department, California Department of Forestry and Fire Prevention, and Water Resources Agency. The respective departments have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood; or the County in general.
- (b) Application materials contained in File PLN050722/Doud.

5. **FINDING - PUBLIC ACCESS:** The project is in conformance with the public access and public recreation policies of the Coastal Act and Local Coastal Program, and does not interfere with any form of historic public use or trust rights (see 20.70.050.B.4). The proposed project is in conformity with the public access and public recreation policies of Chapter 3 of the Coastal Act of 1976 and Section 20.145.150 of the Big Sur Coastal Land Use Plan and Coastal Implementation Plan.

EVIDENCE:

- (a) The subject property is not described as an area where the Local Coastal Program requires access.
- (b) The subject property is not indicated as part of any designated trails or shoreline access as shown in Figure 2, the Shoreline Access Map, of the Big Sur Coast Land Use Plan.

- (c) No evidence or documentation has been submitted or found showing the existence of historic public use or trust rights over this property.
- (d) The project is in conformance with the public access and public recreation policies of the Coastal Act and Local Coastal Program, and does not interfere with any form of historic public use or trust rights (Section 20.70.050.B.4 CIP). No access is required as part of the project as no substantial adverse impact on access, either individually or cumulatively, as described in Section 20.70.050.B.4.c of the Monterey County Coastal Implementation Plan, can be demonstrated.
- (e) Staff site visit.

6. **NO VIOLATION:** The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision and any other applicable provisions of the County's zoning ordinance. No violations exist on the property. Zoning violation abatement cost, if any, have been paid.

EVIDENCE:

- (a) Staff verified that the subject property is in compliance with all rules and regulations pertaining to the use of the property, that no violations exist on the property and that all zoning abatement costs, if any have been paid.

7. **FINDING - CEQA/EXEMPTION:** Lot Line Adjustment (PLN050722/Doud) is exempt from the requirements of the California Environmental Quality Act (CEQA).

EVIDENCE:

- (a) Section 15305(a) is a Categorical Exemption (Class 5) for minor lot line adjustments, side yard, and set back variances not resulting in the creation of any new parcel. The project consists of adjusting the lot lines for four legal lots of record and resulting in four lots that meet the minimum lot size (minimum 40 acres). There is no increase in the number of lots, density, or potential development. No development is proposed at this time.
- (b) A site visit determined that all new parcels include area that with proper design can be developed without impacting the critical viewshed. No new access would be required beyond existing ranch roads. A slope analysis map submitted with this application illustrates that this adjustment would reduce potential development on steep slopes and allow preservation of those areas in conservation easements thereby better meeting the objectives of the Big Sur Land Use Plan (LUP).
- (c) A letter by Kent Seavy (dated August 10, 2006) addresses the remains of a retaining wall on new Parcel JD1 that was part of an abandoned military seacoast surveillance radar site. Based on research and telephone conversation with the California Office of Historic Preservation, the report concludes that the radar site has lost too much of its physical integrity and the subject property does not meet the requirements of CEQA to designate this as a historic resource. A copy of this report is in the project file for PLN050722/Doud.
- (d) Based on available information, there is no reasonable possibility that the proposed activity will have a significant effect on the environment due to unusual circumstances. The proposed Lot Line Adjustment would not require a change in building or access locations that could cause environmental impacts over the existing conditions.
- (e) File No. PLN050722/Doud; administrative record.

8. **FINDING - APPEAL:** The project is appealable to the Board of Supervisors and California Coastal Commission.

EVIDENCE:

- (a) Section 19.01.040 of the Monterey County Coastal Zone Subdivision Ordinance (Title 19).
- (b) Section 20.86.080.A.3 of the Monterey County Coastal Implementation Plan (Part 1).
The project requires a Coastal Development Permit making it subject to appeal by the California Coastal Commission.

DECISION

THEREFORE, it is the decision of the Minor Subdivision Committee of the County of Monterey that said application for a Coastal Development Permit be granted as shown on the attached sketch and subject to the attached conditions.
