Please tell us about yourself and why you want serve:

Have over 30 years experience in the health care field and served on County boards/comissions and local non-profits. Have had experience accessing EMS for my clients and as a service provider and would like to help with EMCC's mission.

Please state the reason you would like to be a member of this board committee/commission/district:

I have knowledge of the aging population and their particular use of acute care and post acute services as well as EMS services. Our aging population is one of Monterey County's largest consumers of emergency and in-patient services. I have

worked at the governance level with two local acute care hospitals and have an understanding of issues the current health care system faces as well as the coming headwinds with Federal funding changes. I think I can provide a perspective to aid in the Commission's oversight and design responsibilities for EMS services.
