

Board of Directors Application

2025-06-02 13:30:19

Name: Caroline Chapin

Email: [REDACTED]

Experience: I am a lifelong resident and native of north Monterey County (Langley Subbasin), California. I have a Bachelor's Degree in Civil Engineering, and am licensed as a Professional Engineer in the State of California. In my professional capacity, I have expertise in civil infrastructure construction, civil engineering design and stormwater management, soils and geology, business administration, financial management, and regulatory reporting.

I also administer and manage a mutual water system with 27 active connections (which include my own home and business). As a manager of our mutual water system, I am versed in groundwater quality concerns, well and distribution system management, and water system regulatory compliance.

Why Are You Interested: I am grateful to have served as the SVBGSA Board of Directors Public Member since 2019. During my tenure with SVBGSA, I have served on the Budget and Finance Committee (chair), Langley Subbasin Implementation Committee (chair), and the Executive Committee. I find the work to be important, interesting, and challenging. I wish to contribute my skills, time, and knowledge to the crucial work that the GSA is engaged in.

How Will The SVBGSA Benefit From Participation: My background as a rural resident, business owner, active manager of a mutual water system, and my experience in governance make me well qualified to serve as a Board Member of the SVBGSA. I am well-versed in the GSA's challenges and history, having been engaged in the agency's work since 2019. I can comprehend technical discussions and reports. I am experienced in financial governance. I understand the role and responsibilities of a Board Member within a Public Agency.

I have an excellent attendance and punctuality record as a Board Member. I have actively participated in various subcommittees to further the Agency's goals. I arrive to meetings prepared and informed, taking each vote carefully and seriously. I participate in discussions and listen attentively to fellow board members, staff, and to members of the public. I wish to continue to serve the organization to the best of my abilities, as I recognize this work and the Board's role to be critically important to our community's future.

Confirm Location: A permanent resident within one of the six subbasins in the Salinas Valley Basin, OR;
